PUBLISHED IN THE YEAR NINETEEN HUNDRED
TWENTY-FOUR, BY THE SENIOR CLASS
OF THE STATE NORMAL SCHOOL

INDIANA, PENNSYLVANIA

VOLUME XIII

Foreword

The Class of Nineteen Twenty-four offers this thirteenth volume of the INSTANTO to their Alma Mater and her friends. Our desire has been to make this book as a GATE of inspiration, which will open to let you enter once again into the Land of Memory and point the way that leads to the towers in the Country of Ambition.

May the opening of this Gate bring to you sweet recollections of happy days of youth spent at this Our School. May the closing of this Gate inspire you to reach upward and upward toward higher planes. Thus, because of YOU, will honor and glory dwell forever with INDIANA.

Alma Mater Song

WORDS AND MUSIC BY MRS. H. E. COGSWELL

1. *To our noble Alma Mater's name,
We, her children, sing a joyful lay,
And to her a new allegiance pledge,
That lives beyond a day.*

CHORUS:

- Sing, oh Sing' our Alma Mater's praise,
Hail, oh Hail' her color's gleaming hue,
Give to her our homage and our love,
And to her name be true.*
2. *A prayer for her who sheltered us,
A hope, no child her name will stain,
A cheer, thrice giv'n with hearty voice,
And now the sweet refrain.*
3. *Of Loyalty are symbols twain,
Her colors, crimson and the gray,
Dear Indiana, Mother Fair",
The burden of our lay.*

*'Neath the shade of o'er hanging oak, up the drive to John Sutton Hall, stands
the Sun Dial with its mute message:*

*"Grow old along with me,
The best is yet to be."*

One bend of the drive through East Campus, a cherished picture in the memory of that ever growing company, the Alumni of I. S. N. S.

Sunshine, filtering through the graceful maples, touched warmly the budding hedge and lingered long on the east corner of the spacious Dining Hall.

Bubbling fountain, from whose tilted spray we caught the rainbow gleam of inspiration, the golden gift of Indiana.

*Wilson Hall, school of childhood, Leonard Hall, classroom of youth
From the portals of both have issued hundreds of true teachers for our common-
wealth In the distance "Old Main."*

Set on the terrace above the walk to Main Building are the Greek seats just outside the rose arch. . . . A lovely place to linger with blossoming Spring.

At the end of the walk, North Entrance, the true door to Indiana Thousands have climbed these steps to strive for the better things that make teaching noble.

From East Gate the walk that bears each to his Destiny through rows of nodding hydrangeas past Leonard Hall, the fortress of learning.

*A winding drive with maples shaded a corner beautiful and quiet
up the sun-flecked steps to our President's home.*

*Farewell, Indiana How proudly stands the loved building as we look
back upon it for the last time We realize and cherish all that You have given
and all that You have meant.*

Indiana we shall not forget.

To the Seniors

*Forth you go, eager for the work and the joy of life
You have mastered the alphabet of your profession
With diligence and devotion, your service will constantly improve.*

*The way of the teacher's life is rugged, but the light
in the eyes of children makes it clear.*

*The span of life is short, much shorter than you
now think. There will not be time enough for every-
thing. "Hold fast that which is good," but also pass it
on to others. Thus only does life grow wholesome and
healthful, precious to its last breath.*

*Indiana wishes you God speed and hopes that you
will do none but worthwhile things in the years that lie
ahead.*

Cordially yours,

JOHN A. H. KETTL.

Jane E. Leonard

Jane E. Leonard sleeps!

Now and then a woman, through her own merits and superior personality, becomes known and loved by all with whom she comes in contact: her spirit of living radiates beneficence and charm even to those in regions remote. Such a character was Jane E. Leonard.

Miss Leonard devoted the years of her active life to the noble profession of teaching, serving the Normal Schools of Millersville and Indiana. She was called to Indiana as Preceptress and Instructor in English when the school opened in 1875. This position she held until 1921, when she was retired from service with the honor of Preceptress-Emeritus. At this time the authorities offered her a home in the school, and here she lived until her death, April 5.

During her service Miss Leonard knew personally every graduate of the school and hundreds of parents. Her genius comprised not only a skill in teaching but also an individual interest and love in her thousands of students and friends. Her charm and kindly sympathy inspired confidence and touched deeply the springs of conduct. She kept her thoughts fresh and growing. She could look back over the past and at the same time look forward to the future. "To her more than to anyone else, is to be credited what is called 'The Indiana Spirit and Culture.' Inducements came, but to Indiana she remained steadfast, devoted and true, giving to this school the energy and culture and idealism of her life."

Because she lived life hospitably, life was to her a simple, beautiful affair. With her chosen task, her friends, her books, her health and peace of mind, she enriched her canvass. She never missed an opportunity of doing a kindness or speaking a true word or making a friend. Thus daily she painted her picture of life. And the theme of her painting was light and love. In the background did sunshine sparkle, and waves dance and flowers bloom, and trees point upward to the blue of pearl gray skies.

And this last picture she painted is our precious heritage from Jane E. Leonard, Artist of Living.

*For her long days filled full of life and love,
For her the purple twilight, soft and deep;
For her the simple message from above;
For her the quiet joyfulness of sleep.*

*For us choice memory of a teacher true;
For us high inspiration at day's dawn,
For us calm urge to meet Life's Rendezvous;
For us to carry on—and on—and on!*

Senior History

*Last night a spirit knock'd upon my door
While," said he, "the annals of Twenty-four
Good Sirs they are well known by each and all,
Let me a new and fresher tale recall."
Alas! my child, you see not far ahead
To a time when Life may a misty curtain spread
Across these scenes today so clear and dear,
So write for your class, of Time have no fear."*

September 11, 1922! Why, that was the day when we first came to Indiana! Will we ever forget the campus as it looked to us while with half-timid steps we hastened across it? With few exceptions we felt friendless as we watched seniors embracing seniors. No one knew us. We had not been named—we were just new students! We were registered, programmed, assigned to rooms with marvelous dispatch, though at the time we thought we saw cons pass. It soon became apparent that the faculty had prepared for us. Their splendid, friendly helpfulness was an inspiration. We swung into school work with enthusiasm. We were the Juniors. Now we were known, we were named—the friendless feeling had departed forever.

Our Dean gave us a good name because we stayed demurely in our rooms when the seniors "opened the season" with their beautiful "Prom." Her favor, so early won, is to this day a prized possession of the class of '24.

The Hallowe'en party, our first party at Indiana! Who can forget the gay romp of it, as in multicolored costumes we danced round and round in Recreational Hall?

We showed our interest in sports in the records made on Field Day, November the eleventh. Football and basketball had a keen attraction for us, and "they say" we made good.

Thanksgiving vacation came. And all too short a time was spent at home. We returned and endeavored to work till Christmas. But the one big thing accomplished was—our class elections. With the glowing pictures of the Christmas party bright before our eyes we separated. On our return we forgot vacations and bent our energy to running well the last long mile of the semester. The oft-repeated question, "What course will you take?" was only drowned by these, "Are you going to the 'Prom'?" "Who is the man?" These queries pointed toward the

Junior "Prom," which took place February the seventeenth. We came out socially that night and had a most delightful time in the "coming."

The months sped rapidly. Spring came and we were helping the seniors in presenting the most artistic Swing-Out Pageant ever given on Indiana's green campus. This happy event closed our Junior year.

Three months later, as Seniors, we alighted at East Gate. If we seemed a trifle important, surely it could be forgiven, for the thought of our new responsibilities and privileges was rather inflating. How busy we were! There was so much to do—old friendships to be polished after three months' tarnish, new ones to be carved from a wealth of interesting acquaintances, new work to be done, there were even some new teachers to be inspected. Social activity took a higher place in our school life. Forget the intense excitement and joy of our Senior "Prom?" Forget the charm of that mellow autumn day—the Outing? No, never while school-girl hearts are light!

The second semester came. We worked diligently, but frequently we paused to peer ahead into the vista of the closing months. From out the departing mists, graduation days were taking form.

Soon Indiana will give her last gift to us and we—we shall start once more toward a Gate—and may it be for each of us a Gate Beautiful, where love and peace and joyful work are found.

*When the Spirit knocks again tonight
And mutely questions "Did you write?"
I shall offer this page that He may see
And we shall joy that for you and me
A cold written word may someday live,
And much of happiness through memories give.*

Senior Class Poem

*From the dusky hall where centuries sleep,
A Figure steps, whose voice rings clear;
He calls to the hundreds climbing Life's hill,
As if he to conquests new would cheer.
"Struggle on, ye travelers, triumph over the past
Man's reach must ever exceed his grasp*

*Up the steep winding hill of life
That call has echoed for ages long,
Today it is heard in tones prolonged,
In each heart it sings an eternal song,
All is not gained for which we task,
Man's reach must ever exceed his grasp*

*One generation stretches its hands
To a distant gate both wide and fair,
But it swings not open unto them
They but clear the way to entrance there
Their children, by these efforts past
May reach what they did but feebly grasp.*

*As with generations, so with man,
From infancy to age, a gate he sees,
Blind are his eyes with failure's tears,
Thrown is he off upon his knees,
Yet he labors on but to find at last,
Man's reach will ever exceed his grasp.*

*We search, yet never the whole we find,
We knock, yet some doors never open,
We ask, but not all we ask is given,
We reach, but never the goal we seek.*

*Out of the dusky hall where centuries sleep
A figure steps whose voice rings clear
Is it a cruel, tyrannic truth he quotes,
Which will hope destroy and ambition scar
Struggle on, ye travelers, triumph over the past
Man's reach must ever exceed his grasp"*

*Nay, but to save from dire lethargy,
Heaven was removed from this earthly sphere
The best and the beautiful are ever ahead,
That man will upward and onward steer
Yea, we shall be thankful, the Gate close at last
That the goal moved ever beyond our grasp*

*We shall close one gate to see afar
A fairer gate, where new glories are
And joy may be ours now and today
When we see a new goal far, far away,
If we know that all we gained in the past
Came because our reach exceeded our grasp*

GEORGINA WOOD

Prophecy of "Fortune"

Himself clad in flowing white garments, once more Fortune turns her crystal ball. Reflected therein a wistful, youthful maid.

Silence reigns! The maid—alone! Unlimited space and the green trees surround her. The world gazes breathless, waiting! Waiting for the first movement of the maid.

The maid so fair. Wonder written on a face of youth. Unsophistication and a yearning, too. Eager eyes flitting here—flitting there! Halting where? Arms upraised, half afraid. Wanting! Wanting what? Joy—the joy of starting! Starting where?

Oh, fair maid, with eyes so bright and hair so fair, your name? Tarry not without the gate with some knowledge gained. Lift the latch and step within. Push the vines and thorns aside. Heed the creaking not at all. Yet, care! care! The gate is heavy-made of gold.

Still she stands with listening ear! Moves she then with grace untold. Stops uncertain at the gate, finger placed on golden latch. Behold the graduate!

Dark is darkness. The crystal ball tells naught

* * * * *

Somberly clad in gown of black, again Dame Fortune turns her crystal ball. Reflected therein stately, youthful woman.

All is still. Alone she stands. Shadows and gray mists spread round the top of space. Below the world is waiting, waiting still.

Lovely woman at the gate! Hair piled high. Wisdom written on a lofty brow. Eyes, soft and deep with inner light! Body, upright, sure, and unafraid. Sure of what? Reaching upward with experience and love. Reaching for what?

Woman, why wait there? Others wish to pass. Push the gate ajar. Reach up and up. Grasp the bars and swing them forth. Then reach up again. Have a care for naught. Gold will *yield* to thee.

Bends she forward to her task. Stretching, straining with her weight still she reaches up. Bursts the gates of gold. A brilliant light floods all about. High, high above, the Arch of Triumph gleams. With firm step onward, still she reaches up to grasp success. Lo, again a graduate.

And darker grows the darkness. Again the glass tells naught

Class Song

Words Adapted

Music by Jean Hindman

Sing of our glo-ri-ous Al-ma Ma-ter Tell of her halls of learn-ing old
True will we be, our Al-ma Ma-ter, True unto thee where-e'er we roam

Lift high her gray and crim-son ban-ner Still loud the chorus strong and bold
True to the ties of friend-ship ho-ly Which bind our hearts to thee our home

In-di-an-a Al-ma Ma-ter For-ev-er more thy praise we sing

Take from our lips our heart's glad hom-age Which unto thee in song we bring

To make a merry disposition and a keen mind"

We once heard a Junior say, "She is the most serious and busiest girl I've ever seen." But the secret is, she works so busily and seriously in order that she may have more time to rest. She says that she smiles because it takes only four muscles to make a smile and it takes eighteen to frown.

It toy and duty ever clash,
Duty first, and pleasure last."*

Kathryn is one of our quiet, worthwhile girls. Such as she have maintained the standing of our class.

ANNA MARIE BARNHART

"Barney" Fallen Timber

Primary Reade Township

*"She is quiet but jolly, demure and dear,
We forget all our troubles when she is
here."*

"Barney" is very quiet in class, except when she is reciting. But when classes are over, her friends say she is the jolliest person to be found.

CECILIA HELEN BENSON

"Cel" Kittanning

Intermediate Kittanning H. S.

*"Quietly thinking all the day,
She goes about in her own still way,
Always with a merry smile,
Beaming cheerfully all the while."*

This is "Cel's" first and last year with us, but in that time we have learned that her creed is: "Knowledge and still more knowledge."

SARA CATHERINE BERRY

"Sal" Johnstown

Intermediate Johnstown H. S.
Literary

*There is nothing like a joke,
To help keep things quite merry,
But of laughing aloud in class,
I must confess I'm wary.*

Never serious, always gay, Sara knows how to get a lot out of everything, and always has something to say on every subject.

JEAN HOPWOOD BLACK

"Judy" Confluence

Primary Confluence H. S.

Y. W. C. A., Literary

CORDELIA M. CAMPBELL
"Cordie" Irwin
 Primary Norwin Union H. S.

*"Her voice is soft and slow,

"Cordie" is not very well known since this is her first year here. But she makes an excellent friend, once you get acquainted with her.

EMILY M. WYETH
"M" Philipsburg
 Intermediate Philipsburg H. S.

W. A. A : Y. W. C. A : Literary

*"In biking and in talking,
 She surpasses all by far."*

She was ever a merry member. One need not turn to spy her for one heard her chat and laughter. She was fairly good at dodging, too.

MARY MARTHA CUNNEEN
"Marty" Johnsonburg
 Intermediate Johnsonburg H. S.

*"I pass with quiet and quiet ways,
 Who makes the most of all school days."*

Martha prefers work to play, at least her lessons indicate that. But she says she only works "a little." We envy her natural ability along scholastic lines.

LILLIAN BEATRICE FLEMING

"Bee" Indiana

Primary Indiana Preparatory
W. A. A.; Literary

*"She that was ever fun and never proud,
Had tongue at will and yet was never
loud"*

"Bee" possesses that sweet graciousness which we all strive to acquire. She radiates charm and good fellowship. Our memory of "Bee" will be one of the most pleasant ones we take away from Indiana.

BERTHA McLAUGHLIN GRAYDON

"Bertha" Indiana

Primary Indiana H. S.

*"Why am I so happy, in my public
school?
Because Miss Graydon, my teacher,
Believes in the Golden Rule."*

Some boys and girls will be singing that song next year. Bertha is certain to be a successful and much loved teacher.

GRACE LAITY FORD

"Fordie" North Braddock

Primary North Braddock H. S.
Y. W. C. A.; Literary

*No Ford was ever stalled on the way,

Grace delights us with her witty remarks—when we are fortunate enough to hear them. But she hides this gift from all but her intimate friends.

VIOLET ERMA GRUBE

"Vi" Washington

Intermediate Big Run H. S.
Literary

*It is quite necessary that I work,
Although some tasks I vain would
shirk.*

We hear that "Vi" is going to teach in Ebensburg next winter. We know, however, that the mail man has been her chief attraction here, so it is doubtful if "Vi" will teach more than two years.

HELEN GRACE HARRISON

"Helen" Monongahela

Intermediate Monongahela H. S.

Y. W. C. A., Literary

*Helen always knows her lessons well,
And the truth, she always well can tell,
Thus in the game of life, you'll see,
She may surpass both you and me.*

Helen may seem to be a shy member of our class, but you'd be surprised! Her friendship is one of faithfulness and loyalty. We hope she will be as successful in her future teaching as she has been in her practice teaching.

ELVA GRACE IMLER

"Grace" Eldorado

Primary Altoona H. S.

Literary

*A given task she will never shirk,
She really likes a teacher's work.*

Grace is anxious to begin a teacher's task. She is well equipped, having acquired more professional attitude in one year than many have obtained in two.

ELIZABETH LINNEA JACKSON

"Betty" Munhall

Primary Munhall H. S.

Literary

*She spends her evenings in search of fun,
And always finds it before lessons are done.*

"Betty" looks quite dignified, but it isn't everyone who has a fun-loving nature concealed beneath her dignity. That's why "Betty's" different!

MERCEDDES JANE JAMES

"Jancy" Dagus Mines

Intermediate Kersey H. S.

Literary Johnsonburg H. S.

*"In again, out again,
Gone again, back again!"*

"Jancy" is tall, dark haired, and dignified. Classes, note books, and life in a cottage occupy her time. But we forgot to mention letter writing.

MARY SUZANNAH JAMISON

"Mike" Claysville

Primary Claysville H. S.

Y. W. C. A., Latona

*"Just this year we met 'Mike'
And she is just the kind of a girl we
like."*

"Mike" is another who joined our ranks this year. These late comers are always welcome, especially when they prove as companionable as "Mike."

MARY BLODIVEN JONES

"Mary" Wilmore

Primary Wilmore H. S.

Literary

*"Far be it from us to criticize,
I girl who always is so wise."*

Although we have known Mary only this year, we know her well enough to be certain she knows what she is talking about. Another thing we've noticed is her conscientious devotion to duty.

MARY REBECCA HUDSON

"Rebie" Indiana

Home Economics Normal Preparatory

*"For she was 'yes' the quiet kind whose
natures never vary,
Like streams that keep a summer mind
Snowbird in January."*

Quiet? Perhaps, but she has won her way into the hearts of many through her kindly spirit of helpfulness.

JOSEPHINE REED DIPPERY

"Jawn" Lewistown

Commercial Lewistown H. S.

*"Her hair has a meaning,
Her movement a grace,
You turn from the fairest

"Jawn" hails from Lewistown, not so very far away. And because she trips the light fantastic toe, she is a very popular lady on Saturday night.

RELLA MCKAY
"Rella" Butler

Music Supervisor Butler H. S.
Lyric; Band; Literary

*Rella is one of the quiet members of
our class,
And one of the best friends ever*

She is a conscientious worker and always
ready to tackle hard jobs. We predict
great success, Rella.

VERA FETTA RILEY
"Skits" Bellevue

Intermediate Bellevue H. S.
Y. W. C. A.; W. A. A.; Lyric; Vespers;
Dramatic Club

*"No conflict is so severe as his who
labors to subdue himself."*

Vera is one of those cheerful persons
who seems to have time to spare. She
is never too busy to enjoy herself. If
she ever burns the midnight oil it is all
in the interest of "Tech."

ELEANOR de CHANTAL RHEIN
"Jinks" Ambridge

Primary Ambridge H. S.
W. A. A.; Y. W. C. A.; Lyric; Literary

*"That very oft, when I am dull with care
and melancholy,
Lightens my humour with her merry
jests."*

This energetic classmate of ours is one
of whom we are justly proud. She has
an abundance of wit, energy for work
and play, ability to carry a heavy sched-
ule and practice teaching. Often we won-
der how she manages it!

GEORGIANNA STAPLES
"Georgie" Punxsutawney

Primary Punxsutawney H. S.

Y. W. C. A.; Lyric; Literary
*"She works when she works,
She plays when she plays,
And this is the way
She prolongs her days."*

Our acquaintance with "Georgie" this
year has been so pleasant that we wish
we could have known her twice as long.
As the above quotation indicates she has
found the secret to success. We wish her
much of it.

JILLIAN EMMA STAPLES

"Jillian" Punxsutawney

Intermediate Punxsutawney H. S.

Literacy: Y. W. C. A.

Though I'm always on hand when classes begin,

The studying I do will not make me thin.

Jillian thinks that there is entirely too much work connected with life. Yet she always makes splendid recitations. How does she do it?

ARINTHA LAURA STONE

"Lara" Juniata

Primary Juniata H. S.

*If she would argue with all her might,
She could ably convince you that black
is white.*

"Lara" has been with us only one year, but during that time she has endeared herself to everyone. Have you ever heard her argue?

VIRGINIA ROBB STEWART

"Gee" Claysville

Intermediate Claysville H. S.

W. A. A., Literacy, Vesper Choir; Lyric
*Happy and free with no care for the
morrow,*

*She scatters dull care and vanishes
sorrow.*

"Gee's" favorite indoor sports are talking, laughing, and eating. She is also very fond of dancing and writing up note book—two subjects she manages to correlate. She is a very little, sweet little, dear little girl.

MARION EVA STOUGH

"Marion" Greensburg

Intermediate Greensburg H. S.

*There are enough in the world who cry,
Too many who worry, so why should I?*

Why should she cry when she can smile so sweetly? Personally, we cannot picture Marion in any other frame of mind than a happy one. Our friendship with her has been of the finest.

FLORENCE CLARE SUTTER

"Dutchie" Rochester Mills

Intermediate New Kensington H. S.

W. A. A., Literary

*With quaint speech she delights the mind
And uses her talent to cheer mankind*

"Dutchie" means to make the world a better place in which to live. A quaint humor and a sincerity of purpose are only two of her possessions.

SARA MURRAY WINTERS

"Sal" Sewickley

Intermediate Sewickley H. S.

Y. W. C. A., W. A. A., Literary, Basket Ball, Hockey, Dramatic Club

*Here is a lass who is tall and slim,
Delights in sports with pen and vim.
She is a good student and performs tasks well,*

But joyously goes at the sound of the bell

She is ever popular among her classmates by reason of her wit, pep, and good nature. Have you noticed the dignity "Sal" acquired during her Senior year?

MARGARET WATKINS

"Peg" Harrisburg

Intermediate Bethany College
Indiana Preparatory

Y. W. C. A., Lyric, Literary, Dramatic Club

*"Dignified and jolly, too,
The proper mixture for a maid."*

Dignified and capable, dependable and resourceful—that is "Peg". She is a valuable member of the class of '24 and one whom we will long remember.

CATHERINE GILT SCOTTON

Barnesboro

Primary Barnesboro H. S.

*Sometimes she thinks on subjects deep,
But study doesn't interfere with sleep.*

She studies when it is necessary and sleeps when she has the opportunity. That explains how she has found the secret of true enjoyment.

Farewell Gift of the Seniors to their Alma Mater

*"All the world's a stage,
And all the men and women merely players;
They have their exits and their entrances,
And one man in his time plays many parts."*

Tonight we have recalled a scene from a drama long past. We have watched the class of 1913 as they once again stepped upon the stage with their three hundred and twenty-nine players. We have been delighted as we watched them play their act of splendid loyalty. And how well planned was their part! How convincing their allegiance! And the curtain rang down amid the cheers of a watching audience.

Then, scenes of other dramas moved in rapid succession across the stage. And always, a curtain rose; and always, a curtain fell; and eleven years passed; and the curtain grew worn and colorless.

Now, upon the same stage set for the players of the past, three hundred and fifty-two new actors, in a modern drama, members of the class of 1924, are brought before your vision. We have prepared ourselves for our part by observing the passing of these previous dramas. We have absorbed the spirit of Indiana, the spirit that has ever pledged fealty to the crimson and the slate.

We shall soon reach the climax of our play. We shall soon make our exit. But before we go, we wish to leave the stage fully equipped for future dramas that shall go on, and on, and on.

So, in the spirit of friendliness and fidelity, we, the class of 1924, wish to share with the class of 1913, the privilege of presenting to our Alma Mater this gift as a pledge of our unswerving loyalty.

It is now my pleasure, as representative of the class of 1924, to present our share of this great curtain to our beloved Alma Mater.

On the night of February 29, a beautiful curtain of taupe velvet with crimson hangings and valance was presented to the school by the classes of 1913 and 1924. The above presentation address was delivered by Miss Martha Ames, President of the Senior Class.

History of the Junior Class

On September the seventeenth we, the Juniors, entered Indiana State Normal School. As early as nine o'clock we began to arrive, all eager for our adventure in the "Land of Knowledge." How beautiful a land it was, the campus with its spacious stretches of green, the hydrangeas in full bloom in sharp contrast to the scarlet sage! As we came down the walk from the North Gate we saw that the doors of John Sutton Hall were wide open, and seemed to say, "Welcome, friends."

In answer we entered the hall and then paused. Was it in awe, or because we didn't know where to go? Miss Cretella, who just seemed to be waiting for us, decided it was the latter. She directed us to the library where we enrolled and handed over the checks, which had been causing many of us to grasp our pocketbooks as if our lives depended on holding them as tightly as possible.

From here we were directed to Recreation Hall, where we procured a key and were told that this was the key to our room. We started out bravely enough but stopped in bewilderment when we reached the hall. We knew the number, but that was all. A smiling faced senior rescued us, and up the stairs we climbed lugging a coat and heavy traveling bag. When we reached the top, we saw doors, and doors, and doors—going this way, that way, and cross-ways. Which was ours? Would we ever find it?

At last we found the number corresponding to that on our key. We entered and saw two little white beds, a bookcase, a dresser and table that looked as bare as the Sahara desert after a wind storm. My new friend left and I explored the clothespress. How could I ever get all those pretty new clothes, which mother had spent so much precious time in making, crowded into one hall of that tiny closet? Then a more weighty question entered my mind. Who would be my room-mate? What would she be like? Would we like each other? Despairing of answering to these questions, I again joined the throng below, in quest of more adventures.

Each one, after getting her books, for which she had to wait another almost interminable age, started for her room, eager to examine her new possessions. But the moment I reached my door books were forgotten, for there was my room-mate.

We became acquainted and were inseparable until we lost each other in the rush for dinner. We met again in the hall upstairs and ran to see something which looked like a pic-

ture on the wall. Alas, it was not a picture but it was, "Rules and Regulations." Study hour would begin at 7:15 and we were not allowed in the hall again until 9:45. Lights out at 10 o'clock. My goodness! who ever heard of girls going to bed at ten? Especially when there were so many other girls to get acquainted with? The 7:15 bell rang and the Juniors looking back over the day thought of it as one long list of "Directions," interspersed by age-long periods of waiting while we stood in line.

The second day was we decided, the day of bells. "Bells, bells, bells, and still their music swells." First the rising bell, the breakfast bell and then the class bells. First the five minute bell—and what a hurry and scurry it caused! When we reached Leonardo Hall everyone seemed to be going somewhere but didn't know where.

"Where's P 1?"

"Somebody tell me where room 23 is."

"Where is number 1?"

As time rolled on we fitted ourselves into the routine of the school and almost forgot the outside world except at mail time and between four and six when we were allowed to go to town.

We became acquainted with other members of our class and finally Mr. Jackson called the first class meeting. We arranged to elect officers at the next meeting, and set the date.

At this meeting William O. Peterson was elected President, William Dunstan, Vice-President, Miss Jane Branthoover, Secretary, and Miss Margaret Dutch, Treasurer. After this we Juniors felt as if we really belonged here and were a part of the school.

Soon came Thanksgiving vacation and in keeping was the thanksgiving of the Juniors. After this the weeks fairly flew and before we knew it along came December 21, and Christmas vacation.

On January second we were all back and ready for work. Work! The planning for the Junior Promenade. The date was set for February 23. The girls watched the mails for new dresses and letters from their friends. As the day drew nearer anywhere in the hall you might have heard these remarks and questions flashed back and forth.

"Mary's dress is a dream."

"Margaret's has just come. Come over and see it."

"Have you heard from your friend?"

"Will the twenty-third never come?"

At last the time arrived and we could look over the beautiful scene. Gay people gliding over the floor with the music, beautiful dresses of every hue, the whole scene might remind one of an old-fashioned garden where poppies rubbed shoulders with golden glow and sweet peas nodded above the pansies. Now the good time is but a memory.

This memory we carry with us as we go on with our work. We look forward to next year knowing that along with the work we are sure to have there will be many good times. But when we come back as seniors next year—I wonder—Shall we remember?

ISABEL LONG.

The Junior Tree

*Each class, a tree, each one, a branch
Our class, a sturdy oak,
When first we entered this, our school,
The tender branches took*

*When snow lay deep around our feet,
And the wind was wild and high,
We faced the storms and icy blasts,
And looked up to the sky*

*At last, Spring came with a rush of rain,
And the branches soon were green,
With the loveliness of sweet success
That has so rare a sheen.*

*Dear sturdy oak of '25,
The world before you lies,
Her treasures and her love are yours
If you lift up to the skies.*

Revelations of the Secondary Class

1. And it came to pass that a new band of youths entered this institution. And lo! these students belonged to the Secondary Department.

2. And the Normal students welcomed them coldly, saying, "Behold, we shall heap great torments upon you; we shall make you endure as you struggle upward."

3. Now, it came to pass soon after they had entered the land, that a great change came over the Normalites, for they realized the worth of the strangers, who were rich in wisdom.

4. And lo, in their senior year, they piled many accomplishments upon themselves, and straightway took on beams of pride.

5. And one among them said, "Lo, we shall grow mighty in deed and thought."

6. And all the Secondaries applauded mightily, for in sooth it seemed pleasant to think on.

7. And they proceeded on their way; and some were turned away in disappointment; and some struggled on amid the fumes and blasts of chemistry and the explosions of physics.

8. And daily all of them that were left jotted down words of wisdom on onion skin and fine linen.

9. And it seemed good that they should do so.

10. And verily, as they progressed, they varied their talents.

11. And some were athletes only; and some were butterflies merely; and some were musicians and artists, in sooth.

12. And all were in truth harmless.

13. Then did the Great Chief arise among them saying: "Before many days shall we eat, drink, and 'prom' in the grand Rec. Hall."

14. And there was much rejoicing among them.

15. And one, perceiving their intentions, warned them, saying: "Ye shall not fall down and hurt thyselfes."

16. And all the rabble thanked him, perceiving his kindness of heart.

17. And they took good care to obey his instructions; and each disported himself manfully.

18. And they tripped and drank nectar until the eleventh hour.

19. Then they rested from their toil for many days.

20. And presently the year came to an end.

21. And verily these disciples of the Secondary Department were turned loose in the world.

22. And verily, I say unto you, these people went forth to torment others even as they had been tormented; So I have spoken.

*"Laugh and the world laughs with you
Weep and you weep alone"*

We often wonder if "Fritz" is the proper name for this laughing young man, for his smiling face and happy voice disowns the nickname. "Fritz" is true blue, he is your friend through thick and thin. Nature study is his strong point, that is, judging by his intense study of the grove.

How coy, how quiet, she seemed when she first came to Indiana. But under this veneer lies loads of fun and mischief.

Her unflinching good humor, her unlimited happiness, have won her many lifetime friends. "Bert" is going to be a great language teacher some day, but she has decided not to teach Virgil.

Witty, smiling, and bright "Flossie" makes a wonderful addition to our class. "Flossie" has been with us three years, and during that time she has shown us what real brain matter is.

Livermore breathes a sigh of sadness and Indiana a sigh of happiness when "Flossie" pays us her regular nine month visit. The best wishes of the class go with you, "Flossie."

Warning full of fear and half a cry
The Storm King comes! His wrath puts all to flight!*

The King, most merciless, flashed forth his hand
Strange sights and shrieks swept scattly o'er the land
The Storm King on his throne laughed loud with mirth*

Slowly a frown crept o'er the mad King's face
The star, announced the storm had run its course,
A peaceful calm now reigned in its place
As o'er the earth again the silence fell
A voice from Heaven whispered "All is well!"*

THE LATINISTS

*How dear to my heart is this thing they call Latin,
When fond recitation presents it to view,
The clauses, the phrases, all dressed in their satin,
And every loved ending that makes us feel blue;
The high-sounding doo-dads and outlandish diet,
The slave with a spear and the Romans who yell,
The verbal gerundive, the noun crouching nigh it,
Are bidden in Latin which I love so well.*

*That time-honored Latin,
That iron-bound Latin,
That moss-covered Latin,
Which hangs in so well.*

The Instano Commercial Staff

The work and responsibility of typing the material for the publication of the year book was placed in the hands of the third year Commercial Seniors under the direction of Fannie Davis, who was selected by the group. They undertook the work in a whole-hearted manner. To keep the material copied up to date they sacrificed entire evenings, working individually and en masse. They assisted materially in getting the book off to press one month before the date specified in the contract, thus earning an additional discount.

In behalf of the class of 1924 the Instano Board wishes to express its most sincere appreciation of the Senior Commercial Group of the Instano Board for the way in which they so splendidly entered into the work of typing this book.

From left to right — Bertha Demison, Ethel Martin, Ruth Berry, Madge Boden, Jean Johnston, Barbara Harkleroad, Miss Frances Kepler (instructor), and Emily Ziegler.

The Instano Art Staff

The tireless and enthusiastic efforts of the Instano Art Staff to make the year book a success, artistically, deserve much commendation. For months these students worked on their assigned drawings under the supervision of Miss Frances Kepler, instructor.

In behalf of the class of 1924 the Instano Board wishes to express its most sincere appreciation of this Art Staff of the Instano Board for their splendid co-operation in helping to make this year book successful.

Y. W. C. A.

The activities of the Y. W. C. A. have been far-reaching and wide-spread in their scope. The work began with the annual membership campaign, the final number enrolled being an increase over that of the previous years.

Among the social activities have been a Hallowe'en Party, held in the Y. W. C. A. room, at which event appropriate games, stunts, and refreshments were enjoyed. The Y. W. C. A. Cabinet and advisors entertained at a banquet in honor of Miss Klenk, the National Student Secretary.

At Christmas time, the names of twelve needy children of Indiana were obtained. Useful clothing and interesting toys were provided for them at that season. The Association also made a contribution to the Salvation Army Building Fund of Indiana, and took charge of collecting the funds from the entire student body.

Many helpful suggestions were received by the two delegates: Miss Florence Rowland and Miss Geraldine Folke, who were sent to the Ninth International Student Convention held in Indianapolis, Indiana, from December the twenty-eighth to January the first, inclusive.

The officers and cabinet of 1923-1924 are:

Y. M. C. A.

The Y. M. C. A. is one of the oldest and strongest organizations in the institution. This association is doing splendid work by influencing the young men in a manner that is uplifting. All the officers are students; most of the fellows are members. Meetings are held once each week; the talks given at these meetings are the sort that inspire young men to lead better lives. Occasionally joint meetings are held with the Y. W. C. A. The training that members of the association receive here in religious activities will certainly prove valuable to the young men in their later lives.

The association appreciates very much the spirit of cooperation shown by the cabinet members in carrying out their respective duties. In livening things up musically, it must be stated that Mr. Fox was always *on the job*.

It is doubtful whether the association would have reached its high degree of success, had it not been for the untiring efforts of Professor Marsh, who sacrificed much valuable time in aiding the association by rendering practical assistance to those in charge.

Woman's Athletic Association

The Woman's Athletic Association was reorganized this year shortly after Xmas on a different plan. This year the association has endeavored to give every girl an opportunity to enjoy a major sport in season. With this purpose in view, the Armory was leased through January, February, and two weeks of March, to give the girls an opportunity to play basketball informally and not in organized teams.

The Clark Hall girls were most enthusiastic and a group of girls from third floor Sutton Hall played regularly.

Swimming classes were organized, and the girls had an opportunity to enjoy the Y. M. C. A. pool at four different hours during the week. The swimming classes proved very worth while for some learned to swim, some learned new strokes, some learned to dive, and some learned to do life saving.

This spring it is hoped to have indoor baseball organized, so that each girl will have an opportunity to join a team and enjoy this major sport.

A tennis tournament will also be arranged if possible.

The organization has been most ably officered by Ellen Evans, President, Margaret Waldron, Vice-President, Faye Mitchell, Treasurer, and Margaret Work, Secretary. There are now ninety-one active members and more are being taken in each week.

It is hoped that the girls will look upon the W. A. A. as an organization that has something worth while to offer them in out of door and indoor sports, that they look upon it as an organization in which they can make a real contribution towards its success.

One snowy afternoon, a sleigh ride was enjoyed by two sleigh loads of W. A. A. girls, so bundled up it was hard to recognize even your best friends. Miss Katherine Whitmyre acted as mascot. Homer City was eventually reached and the home ride was enlivened by singing "We Won't Get Home Until Morning" and guessing, "Will we get any dinner or not." Miss Randall saved us the necessity of going without, much to our joy.

Phi Alpha Fraternity

The Phi Alpha Fraternity has progressed greatly the past year. Sixteen new members were added during the first semester, and three during the second half of the school year. Monthly banquets were held at Camp Rest-A-While. The second banquet will never be forgotten.

With a gathering of nearly fifty present, including a full attendance of active as well as alumni members, the Phi Alpha Fraternity was given a banquet by several of its honorary members at Camp Rest-A-While, on December 10. The banquet was served promptly at seven.

The menu consisted of rabbit and chicken, mashed potatoes, peas, beans, fruit salad, ice cream and cake, and coffee and mints. The last course consisted of cigars and toasts. Professor G. G. Hill, acting as toastmaster, called upon several present, the honorary members responding first. Mr. Harry Oswalt, Mr. Walsh, Mr. Wilkes, and Mr. Ruffner. The response of every active member was given in a most interesting and delightful manner. The chief address of the evening was presented by Hon. Elder Peelor.

The affair closed with the appointment of a committee for the organization of a local alumni association. A vote of thanks was extended to the following honorary members, who planned the dinner: Mr. Harry Oswalt, Mr. Levine, Mr. Harry Oswalt, Jr.

Omega Chi Fraternity

This has been one of the most successful years we have ever had. We now have twenty-eight active members, pulling together as one.

The first important event in the current year was a smoker held to welcome the old and new students to Indiana. The next thing of interest was the Inter-Fraternity Dance held Friday evening, December 21, in our beautifully decorated dance hall. This was well attended both by Alumni and active members.

We cannot forget the banquet held at Mrs. Hiles', on Church Street, in honor of the new members and Alumni. Mr. Bartholomew again acted as toastmaster, and a better cannot be found. Mr. Sullivan ("Sully") gave a very interesting talk on "The Sea of Matrimony." The best part of the program was the joke box by Mr. Schimmell. A piano solo was rendered by Mr. Marshall. We were also favored by our "Symphony" quartette.

As most of you may know we are in a house of our own this year, with our Beloved Mr. Jackson as house proctor to watch over and guide us.

We cannot forget "Chi", though he no longer is a puppy. His delight is to go into some boy's room in the morning, jump upon the bed, and awaken the sleeper by "Kim, kim." Sometimes he goes into Mr. Jackson's room and carries off his slippers. Here's the best of wishes to "Chi."

MUSIC

The Lyric Club

This year the Lyric Club has done work far surpassing that of any previous year. It has been made a Senior organization and is composed of one hundred and thirty voices.

The club made its first appearance in a joint recital with Miss Marie Miller, a noted harpist. Miss Miller played three groups of solos and accompanied several of the Lyric Club songs. The effect was most ethereal. The excellent singing showed artistic and careful training.

The club also furnished the chorus for the operetta. Success during the year was due to the tireless efforts of Mr. Bartholomew.

Vesper Choir

Indiana Normal may think, with a just pride, of its Vesper Choir, whose singing in each Sunday evening Vesper service has added reverence and inspiration to this most beautiful hour of each week.

The sixty-eight girls, under the direction of Miss Washburn, have shown an understanding and co-operation that is remarkable. On the first Sunday of each month a full song program is given. Special programs were arranged for Christmas and Easter.

Just before the Lenten season the Choir appeared in white vestments.

Mens' Glee Club

A men's glee club was organized this year, and although a comparatively young organization, it has accomplished much through a spirit of co-operation. They met once a week and worked diligently under Mr. Bartholomew's direction.

They made their first appearance in a joint recital with the Band on March the fourteenth. Their program consisted of interesting and well chosen songs.

The Orchestra

The Orchestra has had an exceptionally successful year. Its twenty-eight members have worked faithfully and zealously under the capable direction of Mr. Bartholomew. This organization, together with the Lyric Club gave a free concert to the students and faculty of the Indiana High School. It also assisted generously at various school entertainments. Indiana State Normal School may well feel proud of such a worthy organization.

Season of 1923-24

The Band has made a very rapid growth this year, due to the efficient efforts of Mr. Sullivan. This organization consists of sixty-four members. It has done much to arouse school spirit by taking an active part in student affairs, playing at the various games. Several concerts will be given in the latter part of the year, which promise much success.

Conservatory Concert

I

Miss Elizabeth Bonner, Contralto

The first concert of the Conservatory Concert Series was given at the Normal School last evening by Elizabeth Bonner, contralto. Every seat in the house was sold and many were seated on the stage.

Miss Bonner gave an unusually fine recital. Her voice is that of a real contralto and is full of warmth and sympathy. Never at any time did she use that undesirable "mannish" quality so often adopted by contraltos in their extreme low registers.

Miss Bonner is sincere in all her singing. Her program was very exacting last evening, covering songs in French, German, Italian and English. The singer's diction was unusually distinct, something which cannot be said of the average concert singer. The enthusiastic audience recalled Miss Bonner many times for encores and she was very gracious, singing two extra songs after her final group.

Miss Mary St. Clair King gave unusually splendid support with her capable accompanying. The full program follows:

The New York String Quartet

On January, the eleventh, the second number of the Conservatory concert series was presented by the New York String Quartet. This quartet was founded in 1919 by Mr. and Mrs. Ralph Pulitzer. Its members consist of Ottokar Cadek, Jaroslav Siskovsky, Ludvik Schwab, and Bedrick Vaska. Their program included works by Dvorak, Mozart, Haydn, and Grieg. Their lovely tonal nuances, artistic conception, and masterful technical execution made this an outstanding program.

The enthusiastic audience was much favored in receiving the second encore, a practice not habitual with the quartet.

MARGARET TRESSLER.

Conservatory Concert

III

Così Fan Tutti

Mozart's Opera Comique, "Così Fan Tutti," the last number of the conservatory concert series, was presented Friday evening, February the twenty-fifth, with Irene Williams, celebrated American prima donna, starring in an all-artist American cast.

The story deals with the love affairs of two young Neapolitan officers who decide to test the faithfulness of their respective wives. A somewhat tragic yet mirthful mixup is the result, but of course everything finally turns out all right. The music is bright and full of sunshine, and is Mozart at his best.

The supporting cast is remarkable in that Mr. Hinshaw has been able to find vocalists who could scale the dizzy heights of Mozartean music, where so much depends not alone on difficult technique, but also on range.

Operetta "Erminie"

Department of Music

The comic opera "Erminie" was presented by the Musical Clubs on Saturday, May 3, and Monday, May 5. Sixteen principals and a chorus of one hundred and thirty-six minors gave a commendable performance of this very popular work of Jakobowski's. The music was light and dainty. Its jovial and sparkling characteristics were well interpreted by the cast and chorus. The most popular number was the ever delightful "Lullaby."

"Erminie" has had a number of successful professional presentations—the names of Francis Wilson and DeWolf Hopper being most frequently associated with the comedy roles.

The cast was as follows:

Lamp of Memory

*The class of nineteen twenty-three for two brief years has studied
well,
And twice has watched the Alumni come, their tales of other years
to tell,
Fair memory's lamp is set aglow with the thoughts of days of yore
As the Alumni all come marching—Marching—marching—
As the Alumni all come marching
Back to the Normal door.*

*Three paintings fair are pictured there in the light of memory's
glow,
The first that comes to greet us is our Normal in the Fall,
With the glory of Autumn color against the stately height of the
wall,
And the rustle of leaves as they dress the earth in a coat of russet
and gold,
Then we hear our Alma Mater calling—Calling—calling—
Then we hear our Alma Mater calling
Her students back to the fold.*

*The flickering lamp brings the next scene clear,—'tis a fairyland
of white;
As the trees stretch out their unclad arms for a garment dazzling
bright
The sun's cold light puts a shining glint on the winter drape of
snow,
From within we catch the sound of a humming—Humming—hum-
ming—
Of students who con their lessons
In voices hushed and low.*

*Our Normal in the midst of Spring stands like a stately queen,
The lilacs nod in a purple mist to the hedges, budding green,
The birches stretch their welcome arms as the wee birds call once
more
To the Alumni who come marching Marching—marching—
To the Alumni who come marching
Back to the Normal door.*

*The year's best gifts are strewn for you, you graduates returned
 The dear familiar sights you see for which you long have yearn-
 ed -
 Aunt Jane's sweet smile, and the dear old halls of ne'er forgotten
 lore,
 They call to you Alumni, and you come marching—Marching
 marching -
 And you, Alumni, come marching
 Back to the Normal door.*

*The light burns on and the pleasant rays fall upon '23,
 Who with the Alumni now look back to the days that used to be.
 All heed the summons loud and come to bask in the warmth once
 more,
 And next year we, too, will come marching—Marching march-
 ing—
 And next year we, too, will come marching
 Back to the Normal door.*

Delivered by M. V. Tutman, '23, at the
 Alumni Dinner, June, 1923

*In my little frock of blue,
 Thoughts go flying out to you,
 Still my dream remains the same,
 I must learn more than your name,
 Clouds mean nothing, nor the storm
 That is coming, we are warm,
 By the fire is room for two,
 May I come and sit with you ?*

EUNICE CARLSTROM

The Night

*The night in magic glory is to me
The most enchanting time of all the day,
For as the moon comes up o'er hill and bay,
It seems to bring a message from the sea:
"What has man done? What has been done by thee,
To make the world a better place for aye?"
And I all thinking of my own delay,
Send answer back: "I have but wished to be."
And then a thought comes over me and brings
Memories of words I spoke to those in need,
A song breathed in the air, that much I give,
To cheer the toiling traveler, I did sing,
And then the night no more accuses me
Of being merely on this earth to live."*

Sonnet: Christmas

*It was Christmas Eve, the wind was biting cold
The snow its great white sheet spread o'er the earth,
Again the story of His blessed birth
By many a fireside gleam, was being told,
A star once more shone forth in splendor bright
To guide the weary traveler homeward bound,
What joy in many youthful hearts was found
As dancing eyes looked for the morning light!
The hours sped on, the Birthday neared its goal,
The heavens alone kept watch, for man had ceased!
A bell at last at last was heard to toll,
A ray of light announced the day of peace,
And then a carol, breathed in the air that morn,
Told to the world that Christ the Lord was born.*

Spring

*Poised on the tips of her airy toes,
Over hill and wood she goes,
Leaving on the earth below
Flowers that take root and grow.*

*Birds her shoulder do adorn,
Singing at the peep of morn,
Perfumed zephyrs follow her,
And the green things wake and stir.*

Unrest

*Oh, to ever roam along the roads of Earth forever,
Ramble in the Springtime woods, just you and I together,
Drink the wisdom of the wind, the romance of the rain,
Forgetting all the worldly cares, and never knowing pain.
At night, soft moss would be our bed, and stars our candlelight,
The wind would sing a lullaby throughout the hours' swift flight,
We'd see the sun rise every dawn, and listen to the calls
Of wood-birds, singing to their mates within the forest walls,
And all around us there would be a band of merry folk;
Like good Queen Mab in splendid guise, and magic fairy cloak,
And, yes, within that witching wood, we'd find the brave Sir Robin
Hood,
Maid Marian would sweetly smile, and bid us both to stay a while,
So, come away, while we are gay, youth cannot stay forever,
And live the gipsy life with me—just you and I together.*

E. T., '24

Early March

*Has Spring forgotten us,
We poor mortals who shiver here in the wind,
And warm our chilly hands before the fire,
Because the Sun has suddenly gone blind?
But yesterday, we tramped the open fields
And basked within his cheery, smiling glance,
We welcomed evening with a tired sigh—
A respite from his scaring, white-hot lance.*

E. T., '24

November, 1921

*If you could see the moonlight, and the dark blue velvet sky,
I wonder of a sunset when November days are nigh,
If I could show you how it feels to see snow laden trees
When winter time has come at last, and gone are birds and bees,
But you are blind to lovely things and wide awake to care,
But all those things I'd show you if only I but dared!*

12-11-24

Purple Thought

*My thoughts are clothed in Purple and go singing through my
head,
O! all the things I used to do, but which I dreamed were dead
I here are golden hills to climb again, and amber brooks to wade,
Still blows the wind across the fields to cool me in the shade,
I here are broken-green woods to ramble in, and swallows to admire,
There's my love, deep chair to comfort me, and castles in the fire.
Oh, yes! Life still holds joy for me in spite of all that's said,
For I hold again within my hands the things I dreamed were dead.*

Gypsy Violin

How warm the autumn air is now—
Come, dance with me, my gypsy friend,
And a bright, happy campfire in their ragged clothes at last,
For a while, at least, he made restful from the heat of day,
And laid his ragged garments, but their faces are content
To stare at the open and the deep sky for a tent,
And to the night, to wander down a long, broad trail,
And to the moonlight, and in the wind's dancing hair,
To the sound of the shark that dooms them eternally,
For the night is a death-bath, and the whole world is their
grave.

The Elf

He said, "I've a secret,
We've been me to share
The treasures have of Elf-land
And leave behind all care.

I sometimes think that I will
But Duty calls me back
So I can only sit and dream
And wish it were a fact.

A Robin

Just when a gentle rain began to fall
And the air is taking to the garden wall,
And yet there was no sign of eager Spring
Lo! — a robin — I heard a robin sing!
Its rich, sweet voice filled the chilly air
And scattered fragrant promise everywhere.
I noticed that the primrose shoots had peeped
An inch above the soft brown earth and deep
The sun gleamed down with kinder radiance now
And chased the sleeping bud on every bough
The last few remnants of the winter's snow
Had gone — they knew the time had come to go
And all because I heard a robin sing
I knew — I knew that here at last was Spring.

Mute Eloquence

The Peaceful Valley

In the heart of the Pennsylvania hills lies the Peaceful Valley, simple, serene, but with a quiet grandeur that hints of the supreme. Like the petals of a rose surrounding a fragrant center do the majestic hills roll away from the little spot which is the symbol of peace, harmony, and an abundance of all good things.

The Peaceful Valley is old. Centuries ago it lay undisturbed, silent, significant of power, of invincible strength, of rugged endurance. The majestic hills, unscathed by ruthless axe, with inscrutable mien watched over and protected this Valley, the Valley of Peace.

Out of the grey dawn, fearless, dauntless, leaving behind him the comforts of civilization, there came a stranger. He gazed upon the folding hills, the verdant valleys; he saw the placid brook, the meandering stream and in his heart he said, "This is Peace."

From the neighboring woods he brought logs; under his ruthless axe stately pines and proud hemlocks fell; with skillful fingers he fashioned him a hut; with improvised plow he tilled the rich, undisturbed soil. He planted wheat and corn, and through his patient labor was the Peaceful Village made possible.

And as he worked he sang—simple tunes they were and grand; they rang out upon the desolate plains and echoed in the hills; for they came from an honest heart, a heart that knew the joy of peace.

His wife, patient and good, spun upon her loom coarse cloth; her busy fingers supplied the covering for their bodies. Together they dreamed and planned, and while dreaming and planning worked with ceaseless endeavor. This was the beginning of the Peaceful Valley.

Years passed and many people came, following in the footsteps of the stranger. Today the labor of man has decked these ancient fields and thick splendid woods in a new garb. This garb suits it well. It gives it an atmosphere of placid contentment; it takes away the awful loneliness of unsequestered country; it gives it the appearance of quiet tranquility. The inhabitants sleep with open doors; no fences mark off their possessions; they need none, for honesty is the basis of their simple creed.

This is the Peaceful Valley, the home of peace and contentment.

The Influence of an Ancient King Upon the Present Day

It is strange how some event in the world's history will change the entire trend of woman's fashions. Sometimes it is very important to everyone and again is very unimportant. The last great influence upon my lady's wardrobe was caused by the opening of King Tut's tomb.

To be strictly up to date the modern woman must have at least one costume which is truly Egyptian. She is going to an afternoon tea. As she begins to dress she first combs her straight bobbed hair which is parted in the middle. Then she wraps her head with a piece of black satin. She dons a pair of red Egyptian sandals and red hose and then a clingy Egyptian figured crepe gown.

Next comes her jewelry. She places a red snake bracelet on her arm, long Egyptian earrings on her ears, and a Sphinx pendant around her neck. Before she leaves she twists the tail and rings the bell while she makes a wish on her King Tut Wishing Dog.

She goes to the tea, and on her way home happens to see a beautifully figured necktie of true Egyptian design. Her husband must surely have one. She buys it and bears it home in triumph.

Will the next fad be pyramid hats?

MARGARET SCHAFER

Lecture and Entertainment

Maude Ballington Booth

The opening event of the lecture course was especially delightful and of more than usual interest. Maud Ballington Booth, better known throughout the length and breadth of the country as "Little Mother of the Prisons," spoke with such simplicity and convincing sincerity of "her boys" that the audience was swept with her into the spirit of her great work. The theme of the lecture was the great improvement which has been made in the prison system of this country, and of the great work which is yet to be done. Especially she stressed work with the men after their return from prison and work with their families while they are in prison.

No lecturer at the school has given more pleasure and information than did Mrs. Booth.

Mrs. Katherine-Tift-Jones

The students spent a delightful evening with Mrs. Katherine Tift Jones. Her first group, consisting of modern verse, gave a pleasing resume of the best gleaned from the poets of today. Then lest we should feel too satisfied with the accomplishments of the present, she gave us a glimpse into some of the quaint lore which is truly American—that of the negro of the South. This part of the program was given in the costume of the pre-Civil War days. The selections were rendered more delightful by the whimsical, personal references of the reader to her own girlhood spent in Georgia. Mrs. Jones's charming personality and mastery of her art completely captivated her audience.

Dr. Frederick D. Losey

As an exceptional treat, Dr. Frederick D. Losey of New York, was brought to the school to celebrate the observance of Good English Week.

The first lecture was a keen interpretation of the philosophy of life as expressed in "Macbeth." The second lecture was a dramatic recital of the same play. On the next day, at noon, the lecture on "Music of Verse" was followed by an evening's dramatic reading of Dicken's *Christmas Carol*. Each of Dr. Losey's lectures was received with delight by both students and faculty. His coming was made possible through the generosity of the literary societies.

Lorado Taft

A most unique and unusual feature was the reproduction of a sculptor's studio upon the stage, the setting for the lecture of Lorado Taft, world-famed sculptor. The lecture was illustrated by work upon the figures which were on the stage. An exceptionally beautiful head was modeled by Mr. Taft's assistant. A vein of humor and optimistic philosophy permeated all of the lecture. Each one who had the pleasure of listening to Mr. Taft felt more able to appreciate his great work. After coming in contact with his compelling personality, one felt inspired and buoyed.

Westward Ho!

The students traveled westward by means of colored stereopticon views, with Mr. Marsh of the school faculty, on February 18. Mr. Marsh told in a most interesting manner of his trip to the country beyond the Mississippi. The lecture was beautifully illustrated by colored pictures which were flashed on the screen. Mr. Marsh's lecture was both instructive and entertaining.

DEDICATED TO THE BETTERMENT OF THE
COMMERCIAL TEACHING PROFESSION

EDITOR'S CHATS

The Editor wishes one and all a happy and successful Leap Year!

This may mean either one of several things, depending upon how you look at it, or rather what is uppermost in your mind when you read such a statement. In its more generic sense, it expresses a desire for your happiness and success in all undertakings during the ensuing year. In another sense, it may mean either offense or defense, depending upon your plans for conquest on the one hand or your bulwarks of defense on the other. Also, either meaning may be applied to either sex. However, whatever your plans and ambitions for the ensuing year may be, the Editor wishes you all, in greatest sincerity, a happy and successful Leap Year!

THE INTER-COUNTY CONTEST

Resident directors have now been appointed for nearly all of the counties in the State, for the Inter-County Commercial Contest Movement. The remaining directors will be appointed as soon as possible.

The county directors have been chosen as a result of the ballots sent in from the commercial teachers throughout the State. Every commercial teacher whose name was on our mailing list was furnished with an official ballot. Most of the ballots were filled out and returned, showing the interest of the commercial teachers generally in the contest movement. Every commercial teacher in the state should ascertain the name and address of his or her county director and plan to co-operate with the director to the very fullest extent.

IN LOVE WITH NATURE

The curtain is drawn on Summer,
And the birds will leave us soon,
But before we notice the changes,
We can see the harvest moon,
As it rises in all its splendor
From yon distant mountaintop,
To shine out in the heavens
And cast light on the ripened crop.

The song of the bird is missing...
But the cricket takes up his lay,
As he sings from his lowly pillow
At night and through the day.
His song is not so melodious—
True, he makes us a little sad,
But we know that he is happy,
That he means to make us glad.

Nature paints the leaves with scarlet,
And the flowers are tinted bright,
To match the glow of the sunset,
And the moon that shines at night,
Looks much like the mammoth pumpkin
That hides at the foot of the shock
Beside the vines that are bending
Over many a crooked rock.

All this we call the autumn,
The loveliest time of the year,
No artist can paint such beauty,
No pessimist can make it drear.

Commercial, 1924

“Clarence”

This captivating and refreshing comedy by Booth Tarkington was given by the following cast:

Mrs. Martin	-	-	-	-	-	-	-	Elizabeth Rugg
Mr. Wheeler	-	-	-	-	-	-	-	Frank Witherow
Mrs. Wheeler	-	-	-	-	-	-	-	Muriel Garverich
Bobby Wheeler	-	-	-	-	-	-	-	John Young
Cora Wheeler	-	-	-	-	-	-	-	Lucille Gunnerson
Violet Pinney	-	-	-	-	-	-	-	Armatage Lyle
Clarence	-	-	-	-	-	-	-	Owen C. Lewis
Della	-	-	-	-	-	-	-	Flora Klinestiver
Dinwiddie	-	-	-	-	-	-	-	Ernest McNitt
Hubert Stem	-	-	-	-	-	-	-	William Hoover

Mr. Owen Lewis acted the leading part with a discerning fitness and sincerity. Frank Witherow, as Mr. Wheeler, had suitable dignity and mien. Muriel Garverich enacted the role of Mr. Wheeler's second wife with flexibility and charm. John Young, as Bobby, sustained the reputation he had made as Billy Barter in "Seventeen." Lucille Gunnerson, as Cora, was delightfully clever in her abandonment and vivacity. Dignity, balance, and character of the governess was exceedingly well done by Armatage Lyle. Elizabeth Rugg, who played the part of the secretary, and Flora Klinestiver, who portrayed the maid, worked out the characterizations with marked skill. Ernest McNitt and William Hoover did acting of marked excellence.

“Nevertheless”

To usher in Better English Week, the play, "Nevertheless," by Stuart P. Walker was presented. This play is a most excellent one to emphasize Better English. It deals with the efforts of a boy and a girl and a burglar to explain the word "nevertheless." The cast follows:

The Boy	-	-	-	-	-	-	-	Virginia Hutchinson
The Girl	-	-	-	-	-	-	-	Ann Bolden
The Burglar	-	-	-	-	-	-	-	Frank Witherow

“Little Women”

Louise M. Alcott's story, which is read by all girls, has been artistically dramatized by Marion DeForest. It was presented by a school cast on the nights of February 20 and March 1.

Amv	-	-	-	-	-	-	-	-	Madge Boden
Beth	-	-	-	-	-	-	-	-	Vivian Bloom
Jo	-	-	-	-	-	-	-	-	Thelma Rupp
Meg	-	-	-	-	-	-	-	-	Frances Jones
Mrs. March	-	-	-	-	-	-	-	-	Geneva Horner
Mr. March	-	-	-	-	-	-	-	-	William Peterson
John Brooke	-	-	-	-	-	-	-	-	Martin Greer
Laurie	-	-	-	-	-	-	-	-	Ernest McNitt
Professor Bhaer	-	-	-	-	-	-	-	-	Owen Lewis

It is wholly delightful and refreshing to see this type of play done in the quaint setting of the charm of a New England home, into which there is woven all the sweetness and power which belongs to the family altar of a past generation.

Another delightful feature was the color, quaintness, and demureness of the costumes. Surely woman has never been adorned in raiment more becoming than in the days of 1864.

“The Trysting Place”

“The Trysting Place” is a one-act farce comedy by Booth Tarkington. It is in keeping with his inimitable style and is most captivating. The cast follows:

Mrs. Curtis	-	-	-	-	-	-	-	Armitage Lyle
Mrs. Briggs	-	-	-	-	-	-	-	Jean McKay
Lancelot Briggs	-	-	-	-	-	-	-	Mearle Fox
Jessie Briggs	-	-	-	-	-	-	-	Frances Stoner
Rupert Smith	-	-	-	-	-	-	-	Wayne Crawford
Mr. Inglesby	-	-	-	-	-	-	-	Myrater
Mysterious Voice	-	-	-	-	-	-	-	Louis Robinson

“The Suitable Child”

The Christmas play was a dramatization arranged from the story “The Suitable Child,” by Norman Duncan.

The scene—A Pullman on the Winnipeg Westbound Express—the time—Christmas Eve. “It was Christmas weather, too. Thank God for that!” A howling, frosting, roaring blizzard swept down from the great barrens in the dark. The five passengers in the Pullman, startled into an expansive attitude toward one another for once, make a Christmas “such a Christmas as he has never had before in all his young life” for the little boy in the day coach, whom the negro porter has found.

Wooley, Negro Porter	-	-	-	-	-	Marion Shaw
Old Gentleman with Twinkling Eyes	-	-	-	-	-	Owen Lewis
The Little Lady in Black	-	-	-	-	-	Louise Reed
Big Farmer from Saskatchewan	-	-	-	-	-	Thomas Murphy
Boy in the Day Coach	-	-	-	-	-	George Whitmyre
Church Clergyman	-	-	-	-	-	Joe Jones
Story Teller	-	-	-	-	-	Raymond Stough
Reader of Prologue and Epilogue	-	-	-	-	-	Betty Rugg

“Book of Job”

A departure from the usual form in dramatics is Stuart P. Walker’s “Book of Job,” which is played by a New York company.

This production was brought to the school by the Hygienian-Frodelphian Literary Society. No more artistic production has ever been given here.

Mr. Walker uses the book of Job verbatim with the exception of occasional cuts in the story. The treatment is wholly reverential, dignified, and sincere. Prologue and epilogue portions of the story are read by two women, who appear in raiment color and brilliance on either side of the stage from the blank darkness. The effect transports one to the atmosphere of a cathedral.

Job appears with his three comforters and Eliphaz. By almost wizardly genius the lights are arranged to suit all the emotional experiences of Job, ranging from depths of woe to heights of exaltation. These effects are accentuated by an accompaniment of cathedral music. Every member of the company deserves special mention. Mr. Sommes, who plays Job, measures this great character with an artistry and adequacy that could not be excelled.

SOCIETY

Senior Outing

CHAPTER 1

Do you remember
The day the Seniors had
Their Outing?
We do,
The dashing around to
Catch the nine o'clock
Car to Camp Rest-A-While—
All the hikers in their hiking
Togs, hoping to reach the camp
That day?—And the Faculty!
How they enjoyed the ham
Instead of wemers?
How Mr. Gordon tried to get
Two plates, but Mr. Walsh
Assisted him out of the line
The second time?
We do.

CHAPTER 2

Do you remember
How many nickles we
Put in that piano
So that we could
Dance?—And how
We had a tag dance?
All the girls tried to
Tag the men, because
There were only about four?
And the ones who did
Get to dance with them—didn't
They think they were popular?
And we who didn't dance with them
How we "poo-hooed" on the sidelines?
We do.

CHAPTER 3

Do you remember
The games
That Mr. Sanders and
Miss Blakesley had planned?
Everyone wanted to dance
And take pictures, but some
Participated in the games—
Or got dizzy
On the hand-manipulated
Merry-go-round, for which
Dr. Keith furnished the
Motor power. And in
The afternoon, a bunch of
Us missed the cars back
To the Normal, and we had
To hike, to get back for the
Big football game?
Indeed we do!

CHAPTER 4

Do you remember
That the date
Was Saturday,
October the *Thirteenth*?
And that bad luck happened
To none?
And that everyone
Had most as
Merry a time as
If it had been Christmas?
We do! We do!

VERA RHEE.

The Senior "Prom"

The Senior Prom was eagerly looked forward to as the second large event of the year. When the time arrived, October the twenty-seventh, an unusual excitement reigned in the school.

From morning until evening, seniors rushed here and there. In the afternoon men appeared from every direction. After greetings were exchanged and a little time spent together on the campus, the school quieted down. But only for a few minutes; it was the dinner hour.

Finally the long expected hour arrived. The hall became filled with handsome men looking eagerly for *the* girl. And the girl, as she came tripping down the stairs, made an enchanting picture. She was all "dressed-up" for the dance. And so was he.

Off they were to Recreation Hall. A glimpse into the former Red Room showed that not only Seniors had dressed for the occasion, but even the school itself donned a formal gown. A transformation had changed this room to East Parlor. Beautifully decorated, re-furnished and lighted, it was a delight. A peep into the hall, but only a peep for through the receiving line every one must go.

Dr. Kerth and Mrs. Kerth, Miss Stewart, Miss Leonard, Miss Ackerman, and Mr. Whitmyre greeted all and sent us off into the ball-room.

What a miraculous change from the hall of last year! New furniture, new decorations, freshly painted walls, harmonious colorings! Everything as it should be! Surprises in every nook and corner!

On with the dance! What glorious hours were spent from 7 to 11:30. As one looked upon the scene he was charmed by the beautiful colorings of the gowns blending with the beauty of the room. Color and Youth and Gaiety!

Clark's Orchestra furnished the music. When the last strains of the home waltz were played, sighs escaped from the tired but happy dancers.

The Senior Prom was over.

The Junior "Prom"

The Obsequious Passing of Our Thrilled Juniors into Oblivion

At least, it was one week-end of gloriously entertaining and being entertained, so we heard from them all.

The Juniors had their first thrill—it one can hope for such delightful feelings—when they shone forth in all their glory at their Promenade, Saturday night, February the twenty-third. I say thrill, because wasn't that Junior girl's heart going pitty-pat—the girl who could steal for a little walk down South or North Hall with her "man" when the keen eyes of a matron were not directed her way? And besides, all that time hadn't she an arm linked in his, wasn't he smiling upon her?

Oh, yes! But in this case it was "Let Us Drink, Dance, and Be Merry." And they were every bit of that, we are assured. Just now they're trying to figure when they can have Harry, Dick, and Bill up again. Even a regular Saturday night dance would be better than none at all, they try to convince themselves.

If to be merry, they must have good music with which to dance, they had it. "Ken Kellar's" outplayed themselves. Even this writer, who was barred from the "great" event simply because she's getting on up in years, knows how pleasing and harmoniously soul-satisfying was that music. The windows and doors weren't barred and the music came waltzing around the corners of the corridor as if it were being played wholly for the benefit of those who were just aching to go.

Undoubtedly our Juniors are still in air, still wondering at the joy of living a few hours of a marvelous time. They'll come back, we all do. Next week we shall once more view the professional school teachers.

Inter Fraternity Dance

The Annual Inter Fraternity Dance of the Phi Alpha and Omega Chi Fraternities, was held in the ball-room of this school, Friday evening, December the twenty-first, nineteen hundred and twenty-three.

The event was attended by many of the alumni and guests of both fraternities.

The ball-room was prettily decorated, suggesting the Christmas season. Two beautiful Christmas trees stood in the upper corners of the room, while the orchestra was encircled by smaller Christmas trees and softly shaded lights. The music was most delightful, being furnished by "Fuzzy" Knight's Blue and Gold Orchestra from West Virginia. Programs in the form of black leather pocket-books with the name, time and date of the dance inscribed in gold letters, were given out. During intermission many clever novelties were distributed. These consisted of parasols, whistles, balloons, small paper hats and fans which added greatly to the merriment of the dancers and the festive appearance of the ball-room.

This dance is an event which is eagerly awaited each year by members of both fraternal organizations. For that is the time the old and the new may join together in brotherly fashion with all their friends, and enjoy one continuous happy evening.

Music Supervisors' Reception

On Friday evening, September the twenty-eighth, the second and third year music supervisors gave a reception in honor of the entering music students.

A very interesting and unique program was presented. The first number consisted of "something dark" in which a quartet of negroes sang characteristic songs. Misses Lucy Scott and Sara Mikaloff tripped the light fantastic with gesture and song, while Miss Ruth Salade, with her usual charm and grace, executed "The Dance of the Moonbeams". The last number was sung by "The Three Young Maids of Lea" who in their attempt to carefully choose a husband, became in the last stanza "Three Old Maids of Lea".

The formality of the party was broken by a "Paul Jones". Two large circles were formed and every one participated actively. Dancing then became the main feature except for the numerous visits to the punch bowl. All prohibitionists acted as traffic cops—the chief traffic violators being Miss Lowman and Lucy Scott.

At nine-thirty a rival appeared upon the scene,—came in the form of refreshments. Afterwards the jollity of the evening quieted down, and with lights turned low, everyone joined in the harmonization of familiar song. Thus ended an evening which will be cherished in the hearts of all music students.

Home Economics Clothing Exhibit and Tea

On Wednesday and Thursday afternoons of December the twelfth and the thirteenth, an exhibit was given of work done in the Home Economics Clothing Classes during the fall term. The exhibit was held in the Sewing Room of that department, which is in the basement of Sutton Hall.

The main display was of baby garments made by the Senior class, each student having completed a full baby layette—all the garments of which were on display. The walls of the room were covered with white crepe paper; nursery furniture was placed in various angles and corners, so that the whole effect was most attractive and pleasing. Dolls of baby size, furnished by the "Bon Ton" of this city, were dressed in the various garments made by the class. The clothes were arranged in the order of use in the baby's day. This exhibit ended with an attractively dressed doll placed in a baby carriage ready for its afternoon ride in the fresh air.

The Sophomore class also had a display consisting of most attractive and dainty underwear. These garments have been the first work done by this class and the girls deserve especial mention for their neatness and care in this, their first problem.

Each visitor was then escorted (by one of the Senior girls, who acted as hostess), to the adjoining dining-room, where tea and cakes were served. The girls of the Junior class served these refreshments which they had prepared during the day.

This social tea proved a delightful ending for this lovely occasion, much of the success of which was due to the untiring efforts of Miss Doris Robertson, the instructor of clothing.

- 21—00001% of brain energy used on school work, and that registered by teaching seniors. "Visions of sugar plums."
- 22—Morning classes never went so slowly. We're off. Home again! home again!

Coach Charles Ruffner

When the boys returned to school last September, they found that Charles Ruffner had been selected to coach the athletic teams at Indiana. Almost all the students heard about Ruffner's success as a player, both on the football field and on the baseball diamond, while a student at the Red and Slate institution in 1916 and 1917. All were anxious to see what he could do towards developing athletic teams of the old Normal calibre.

After leaving Normal, Ruffner had offers from many of the leading colleges of the east, but decided to resume his work at Grove City College the next school year. He made good from the start, starting at the end position for the "Grovers" for two years. He also took some of the veteran's jobs in baseball. He delighted in playing behind the bat, thus showing that he was not only a football player but a baseball catcher of real ability as well.

After completing his work at college, he coached several corking good high school teams in all athletic lines, but decided to better himself in the athletic world. He gave up his job coaching scholastic teams and took up his tasks at Indiana Normal in the fall of 1923.

With but three weeks of strenuous work of pre-season football practice, the Normal boys faced Conemaugh High. The Red and Slate were returned the winners. The consensus of opinion was that the untiring efforts of Coach Ruffner, from which the football team showed some real traits of good coaching, was the determining factor in deciding the outcome of the game. The Clarion Normal and Kent College games later in the year, showed that Indiana has one of the best teams turned out here in many a year.

Ten days after football season closed, Coach Ruffner issued a call for basketball candidates. At the beginning of the season the outlook was not very bright, but the daily practices in which Ruffner tried many different combinations in the various positions, brought about some real team work. The first few games were won with ease, an improvement being shown right along.

Hard luck faced the coach at this point as injuries and withdrawals from school cropped in. Hard fought games were lost to Pitt and Johnstown, but Ruffner brought his team back with the real fighting spirit despite his losses. The result was that Bellefonte Academy was given a good trouncing at Bellefonte. On the whole, the team was considered the best since 1918, and one of the leaders in Prep school circles.

Baseball is about to begin, and as Ruffner was one of the best catchers ever turned out of Indiana, he is bound to bring out a good pitching staff. With the other material on hand, a successful season is assured although the Red and Slate faces some real tests in St. Vincent's college and others.

These successes of Coach Ruffner are ably held up by his nimbleness, both on the athletic field and in the classroom. If the boys continue to show the spirit they have shown in the past, Ruffner will turn out athletic teams at Normal that will take their place with the best in prep school athletics.

Here's to Coach Ruffner—we wish him the best of luck in his future years as a coach at Indiana State Normal.

Football in Play

INDIANA-CONEMAUGH GAME

The Indiana Normal eleven began their season by defeating Conemaugh High School 7-0. The game was played on the Normal field before a crowd of about fifteen hundred people, who cheered the teams loudly throughout the contest.

The game began shortly after 3:30 when Indiana kicked to Conemaugh, who had won the toss. During the first quarter the ball see-sawed back and forth in mid field a great deal, until Indiana shot a long forward pass, putting the ball in the shadow of the goal posts. Although the Red and Slate played hard here, Conemaugh held them for downs. The ball then went to Conemaugh, who promptly kicked it out of danger just as the quarter ended.

The second quarter began with Indiana shooting another long forward pass. Once more the Normal eleven were in the shadow of the goal posts.

End runs and line bucks were tried in an effort to put the ball over the line but with little success. Finally, a forward pass was attempted, but it was grounded over the goal and the ball went to Conemaugh on the twenty yard line. The ball was immediately kicked out of danger, but before further action began the first half ended.

The third quarter began with Indiana kicking to Conemaugh. After Conemaugh tried several plays, they kicked to Indiana, who carried the ball to the ten yard line. Here, Philbin, the plucky little Indiana half-back, shot around left end and carried the ball over the line, making the only touchdown. Philbin's brilliant playing again showed up, when his educated toe sent the ball directly between the goal posts, making the score 7-0 in favor of Indiana. Indiana then kicked to Conemaugh, who, after trying a few plays, were forced to kick the ball just as the quarter ended.

During the last quarter Conemaugh made desperate efforts to ward off the impending defeat. Luck seemed to be in their favor when one of Indiana's half-backs fumbled the ball and lost it. But here is where real Indiana spirit was shown. Conemaugh carried the ball within ten yards of the goal, but got no further. Indiana held them there, breaking up end runs and forward passes without any gain to Conemaugh. The ball was then punted out of danger. Just after this play the quarter ended and the Indiana eleven came off the field victorious.

Conemaugh had a good team, which deserves a lot of praise for the brand of football they played.

INDIANA—CLARION

The second football game of the season was with Clarion Normal. Clarion was rated as having a wonderful squad. Coach Ruffner predicted a victory for our boys, but he also predicted a hard fight. The two teams lined up on the field before a large crowd. Clarion appeared to be the heavier of the two teams but not the faster. They kicked off to Indiana, and in three minutes of play, Indiana made their first touchdown. Philbin kicked goal for Indiana. The "old fight" was in the "gang" and they soon scored another touchdown.

The first half ended 33-0 in favor of Indiana. Coach Ruffner gave his proteges a heart to heart talk and the fight was on once more. In the second half, our boys fought as hard as ever and made more points than in the first half. Every man put his whole spirit into the game, which ended with the score 67-0.

RUSSELL McCAGG.

INDIANA—ALTOONA APPRENTICE

Indiana scored its third consecutive triumph, in as many starts, over the strong Altoona Apprentice team by the score of 26-0. A lucky break in the first quarter gave Indiana their first touchdown made by Witherow, who, intercepting a forward pass, ran seventy-five yards for a touchdown. Up to this time, neither team had accomplished much in running the ball, but here Indiana came to life. A series of end runs and a long forward pass carried the ball up to the four yard line. Altoona strengthened and held Indiana for downs as the half ended with the score 7-0 in our favor.

As the second half began, both teams resorted to forward passes and punting. Indiana punted to Altoona, Altoona fumbling! Witherow, our hero in the first quarter, ran twenty yards for the second touchdown! The third touchdown was the result of a long forward pass over the goal line with Jack Kennedy on the receiving end. It was at this stage of the game that Altoona seemed to lose all hope, and Indiana marched up the field for another touchdown, the game ending a few minutes later.

JOHN PHILBIN.

INDIANA—GROVE CITY RESERVES

The Indiana warriors were given a rousing send-off from the entire student body when they left for Grove City College. The trip was long and tiresome, but

the team was in good spirit and did not seem to mind it. In the dressing room before the game, the Coach talked to the boys, saying that he had his heart and soul in winning this game. The talk put more fight in the team. Grove City kicked off to Indiana. Murphy was downed on the thirty yard line, being hurt in the play. After two attempts around the end, Sladden punted to Grove City's forty yard line. They started a series of line plunges and forward passes. Philbin and Witherow tried hard to break them down, but the ball was grounded. The referee claimed interference and penalized Indiana, giving Grove City a touchdown. This was highway robbery in the minds of everybody, even of Grove City fans. This took the "pep" out of the team, and before they realized what was happening, Grove City scored another touchdown. The half ended with the score 18-0.

The second half was pure football, with Indiana out-playing their opponents three to one. Philbin scored a touchdown in this period, and when the whistle blew, ending the game, the team was on its way for another. This was the first defeat of the year for Indiana, and it was a hard one to swallow. The only thing on earth that our team still wished for at the close of the season was another crack at Grove City. The score would have been a whole lot different.

RUSSELL McCAGG.

INDIANA—KENT COLLEGE

Indiana Normal scored its biggest victory of the season, on the Normal field, over the strong Kent College from Kent, Ohio, by the score of 21 to 0. One of the largest crowds of the season attended the game, which was a thriller from start to finish. The student band made its first appearance of the year and added greatly to the afternoon's enjoyment.

Indiana kicked off to Kent and the battle was on. Kent earned the ball down the field to Indiana's thirty yard line, where they were held for downs and forced to punt. Our Normalites received a punt and carried the ball up to the Kent two yard line where they fumbled and lost a score. A short forward pass and a run through the line enabled Indiana to score the first touchdown about the middle of the second quarter. The half ended with the score 7-0 favoring Indiana.

Indiana scored its second touchdown early in the second half; from then on they had things in their own hands, making another touchdown a few minutes later. The game ended with the score 21-0 in favor of Indiana, with the ball on the five yard line ready to go over for another touchdown.

JOHN PHILBIN.

INDIANA- MONACA

Indiana closed their football season by losing to the Monaca High gridders by the score of 26-0. It was the first shut-out of the season for the Normalites. Our boys were greatly disappointed by the loss of some of their stars through injuries received in the Kent College game. Monaca scored two touchdowns in the first quarter, one on an intercepted forward pass, and the other on a completed forward pass thrown by their versatile fullback, Hood. The half ended with the score 13-0.

Indiana came out for the second half full of fight. After a few minutes, an Indiana man grabbed a forward pass and raced fifty yards for a touchdown. The ball was called back. Indiana protested but to no avail. They seemed to lose hope after this play, although they completed a great number of forward passes that threatened the Monaca goal line. In the last quarter, Monaca scored two more touchdowns on long forward passes and the game ended with the score 26-0.

Football Squad

OWEN C. LEWIS

"Goat"

Woodlawn, Pa

Captain Quarterback

"Goat" was one of the several Beaver Valley boys who made a name for himself in football. "Goat," a member of last year's team, won such a name for himself that the coach made no mistake when he chose the Woodlawn boy to lead the Indiana team for the 1923 football season. He was a very good quarterback with that old do or die spirit that helps a great deal to make a football team. He was one of our most popular boys. Just everybody liked him. A twentieth century American.

ARTHUR BRADY

"Art"

Titusville, Pa

Right End

With the coming of graduation in June, Indiana Normal will lose in "Art" Brady one of the best athletes who has played at the Normal in several years. Besides being a varsity man in baseball, football, and basketball, Brady has always proved to be a real gentleman, both on and off the athletic field. "Art" will never forget the library, as he spent an average of three busy hours each day there. We believe he knows practically every book in the library by heart.

We are sorry to see "Art" leave, but we have one consolation in knowing that the college which gets him will find him a friend in need and a friend indeed.

THOMAS MURPHY

"Tom"

East Liberty, Pa

Halfback

"Tom" was one of the Pittsburgh boys of wonderful ability in football. He was a fighter from the word "go." He always showed our opponents what it meant to be a fighter on a fighting team. He could run the ball very well, but when it came to passing! That was his game! He could put that ball in a fellow's vest pocket and get away with it. This was "Tom's" first year at Indiana. He was the type of boy who is liked wherever he goes.

RUSH DUVALL

"Tinnie"

Wilkinsburg, Pa.

Left End

"Tinnie" hailed from the "Holy City." He was very small in stature and rather light in weight, tipping the scales at about one hundred and forty pounds. He worked hard in practice; when the time for the first game of the season rolled around, it was a hard matter for the coach to decide players for the end positions. Fate turned against "Tinnie," and he had to be contented with breaking into the games about half-time. His chance came; and as opportunity knocks but once, he took advantage of it. It was in the Grove City game that he showed his ability. How he used to break up end runs and slip through the line and smear their back field men for losses! We know he will make good wherever he goes.

RUSSELL MCCAIG

"Russ"

Wilkinsburg, Pa.

Tackle

"Tinnie's" twin brother. He, too, hailed from Wilkinsburg, and always played side by side with his mate. He was one of the best tackles seen here in a long time. He inspired the whole team with his grim determination and steadfast integrity. He was banged early in the year, but he stayed "right in play" with the old fight. Many a bump took "Russ," but many a bump his opponents took in return. Probably he will be with us again next year. And if he is, look out for Indiana's champion football team. Here's to "Russ."

HARRY FRUIT

"Doc"

Indiana, Pa.

End

"Doc" played an end on this year's team, but due to injuries did not show his old time form until the Kent game. In this game he was a stone wall on defense, breaking through the opponent's line and stopping the opposing backs in their tracks. "Doc" was the kind of man who inspires the rest of the players and adds that something, called Spirit, which is so vital to every team. "Doc" planned to enter college next year. We hope that he will earn a reputation for himself at college, similar to that at Indiana.

Good luck, "Doc."

JAMES DUSSMORE

"Jim"

Dunlo, Pa.

Guard

"Jim," the big coal miner from Dunlo, needs no introduction in Indiana. "Jim" has been with the Indiana football team for three years and when he leaves us this year for college, Indiana will lose a very valuable man. "Jim" was thinking seriously about entering Penn State next fall. Penn State will be fortunate to get a football player like him. Here is wishing the best of luck in future years to "Jim."

WILLIAM PETERSON

"Nig"

Scottsdale, Pa.

Guard

We heard of Peterson just in time for the big game with Kent College. He was sick early in the season and could not don the moleskins. He hailed from Scottsdale High School, which team he captained to the championship in 1921. He began practice just two days before the Kent College game; he took guard position in this crucial game. It was his fight that pulled the game out of the fire. He put "pep" into the whole team and worked with everyone. We are almost sure to find him with us again next year, for he just can't leave the Normal attractions. What are the Normal attractions? Ladies!! Ladies!!

JOHN BERNOSKY

"Benny"

Minersville, Pa.

End

You can't fool "Benny." His opponents never fooled him; it was the alarm clock. He was very small for an end, but he hit hard and fought all the time. He did not like to play on a wet day, for he hated to think of drowning. We must put a string on him, if we return to Grove City next year.

WILLIAM FULLERTON

"Bill"

Irwin, Pa.

Center

"Bill" started out in the backfield, but the coach made a fit-in-any-place man out of him this year. He could always be depended upon. "Bill" had lots of fight last year; he returned to us this year with still bigger arms. And, although he warmed the bench a lot, his ability came out strong in the Monaca game. He passed the ball accurately and on the spur of the moment. We probably will see him again next year—if he doesn't change his mind and get married.

DAVE HAMMER

"Brute"

Greensburg, Pa.

Tackle

I think every one has heard of the crack Greensburg High School football team. Therefore, "Brute," being one of 'em, needs no introduction. He surely was a tackle; either high or low, he always brought down his man. He lived on raw eggs, ambition just radiated from him. He never was hurt, even when eleven men hit him. "Brute" could have played in two bang-up games in a day without any rest. He was very powerful, which fact accounts for his name. It did no one any good to get rough with him. Proof of which, It was in the Grove City game that he picked up a player and held him suspended for about two minutes. Here's hoping he will always have plenty of raw eggs.

EDWARD KENNEDY

"Ed"

Indiana, Pa.

Tackle

"Ed," a brother of Jack, our tall end, was another one of our giants that hailed from Indiana. He was one of the best tackles that have ever played on Normal field. Due to injuries he did not round into shape until the Kent game, and no one who saw that game will forget the wonderful work of "Ed" and his brother Jack, on the left side of the line. "Ed" was one of our all-around athletes. Without doubt, he will be one of the stars on the gridiron at Indiana next year. Best of luck, "Ed."

SAM APPLE

"Rid"

Indiana, Pa.

Guard

"Rid," the sturdy of three years, was a local boy, having lived in Indiana most of his life. "Rid" was one of our old men v ho have a liking for Indiana; therefore, Indiana likes him. "Rid" was a bear in making holes in the opposing line. Our backfield men will never forget his work in the game down at Monaca. "Rid" left school before the close. We were sorry to have him leave, but we think when the 1924 football season rolls around, he will be found at I. S. N. S.

DAY ROOF

"Day"

Indiana, Pa.

Halfback

"Day," another one of the boys from Indiana! It seems that you can't keep the boys from down town off the Normal teams. He had no opportunity to show his skill until the Kent game, in which game he showed what ability he possessed. "Day" was a speed demon on the dance floor, and he kept to this reputation in football. "Day" was the barber of the school; he used his head to knife off the tackles.

HERBERT GATTSCH

"Herbie"

Woodlawn, Pa.

Halfback

"Herbie" hailed from Woodlawn. He played with Captain Lewis a few years ago and showed up well. It was Lewis's effort that brought "Herbie" to Indiana. His small stature and wonderful playing proved that good things come in small packages. He was out for practice every night. He showed up well in his ability to run the ball and lose his opponents. He, too, was an all-around athlete; we expect to hear more of him in baseball and basketball. He showed his grinning in the big game with Clarion Normal.

THEODORE GUST

"Ted"

New Bethlehem, Pa.

Guard

"Ted" was watched by the coach a long time; upon learning of his coming to Indiana, said coach seemed to be a very pleased man. "Ted" hailed from New Bethlehem, the "high-grade town on the low-grade road." He was an all-around athlete, and he is sure to make good in any sport, although he needs a bit more experience. He broke into many a game and always showed what he was there for. He was a hard worker, not only on the athletic field, but in his studies as well. But it takes a hard worker to make good in this world of ours. Good luck to you, "Ted."

LYLE GLASSFORD

"Diz"

Indiana, Pa.

Left End

How could "Diz" leave Indiana? From high school to normal—this was his good idea of growing. He was inexperienced when he reported for practice early in September, but the coach saw his good points and set about immediately to develop them. He responded instantly and played in many a game. He was a clean-cut fellow and played a clean game. Many a play he stopped and many a forward pass did his long arms reach out and snatch from the atmosphere. He had good spirit! We hope to have him with us again next year with that same old light and that same old smile.

WILLIAM HOOVER

"Cowboy"

Kittanning, Pa.

Halfback

"Cowboy" was one of the boys from Kittanning, who will, in a year or two, make a good football player. He had the ability, but his light weight and tender age kept him from the team. He will be back at Indiana next year. Indiana may expect great things from him if he increases in weight.

FRANK FISHER

"Sheik"

Indiana, Pa.

Center

Another town boy and a husky one at that! He learned to play football with a rag ball. His pals used to play hat ball; when it was his turn, he always took a good aim and then fired, hitting his opponents almost regularly. This made him accurate in passing the ball. Talk about strength! When our opponents ran the ball on line plunges, "Sheik" held like a stone wall. If his name were only Jackson, we'd call him "Stonewall." After a little more experience, we'll read a lot about his football playing.

CHARLES STODDEN

"Chuck"

Aspinwall, Pa.

Halfback

"Chuck," the boy who hailed from Aspinwall, was the hero of the 1922 football team. "Chuck" is another of I. S. N. S. stars. His work this year was very brilliant, especially when it came to broken field running. He delighted in side-stepping his opponents. "Chuck" was one of our best athletes, with moments of brilliant playing. His best work was done in the Altoona and Grove City games. He darted down field like a meteor.

SUBSTITUTES

Behler, Murphy, Woodward, Jones, Young, Leidon, Craig, Shaw, Day, Rubens, and Altvater should be given due credit for their untiring efforts in helping to develop the team.

Basketball Review

DERRY HIGH DEFEATED

On December 15 Derry High School came to Indiana only to return home defeated by a 37-23 score. The game was fast and clean on both sides. The Derry team played very well and deserve credit for the brand of basketball they displayed against Normal. Geist started for Indiana with six field goals.

FORD CITY ON THE SHORT END

On December 31 Indiana Normal journeyed to Ford City, where they met the High School team of that place and were returned the winner to the tune of 27-16. This was the first game away from home for the Normal team and they deserve a lot of credit for the good showing they made. DuVall, with six field goals, starred.

ASPINWALL LOSES FIRST

On January 5, the undefeated Aspinwall High School team came to Indiana to decide which team was the better. The Normal team had won two games up to this time and were out to make it three straight. The game was fast and well played. Capt. McCaig and DuVall played one of the best games seen here in a long while, for it was their accurate shooting from the field that accounted for Aspinwall's reverse. Each contributed six goals from the field.

PITTFRESHMEN BY A NOSIE

On January 10 the undefeated Normal five moved to Pittsburgh to do battle with the highly touted Pitt Freshies. Indiana led at half time to the score of 17-15. Pitt came back

with a rush in the second half and had just enough push to nose out the winner on a close score of 30-26. Capt. McCaig, DuVall and Gatsch were the outstanding stars for Indiana, while Capt. Richman and Campbell did the best work for the winners.

JOHNSTOWN LUCKY

On January 12, the Normal tossers journeyed to Johnstown to meet the strong high school team of that place. Indiana was handicapped, due to the injury DuVall received in the Pitt game. This game was one of the fastest seen in Johnstown for many a year, the score at the end of the first half being 20-20. Johnstown came back with a rush and so did Indiana, although the Normal boys were nosed out to a 34-29 score. Capt. Weigel starred with six field goals for the Johnnies, while Glasford played a bang-up game for Normal with a quintet of goals.

INDIANA DEFEATS OLD RIVAL

On January 14, the Clarion Normal team, an old rival, came to Indiana to put the skids under the home boys, but they were sent home the loser to the tune of 36-23. Indiana surely did delight in defeating her old foe. She displayed the best form of the season. Gatsch was the hero for Indiana with six field goals, while Capt. Weller showed the best form for Clarion.

REYNOLDSVILLE TASTES DEFEAT

On January 21, the highly-touted Reynoldsville Collegians came to Indiana only to return home defeated by Indiana. The visiting team was composed of former college and high school stars, but the Red and Slate boys did not mind this in the least, for they showed real form. The outstanding stars of the game were Capt. Riddichile for the visitors, and Capt. McCaig of the Normal five. The game ended with the score 50-31.

NORMAL WINS AGAIN

On January 28, the Normal five encountered the well known team from Westinghouse Tech. They were again returned the winners in a corking good game, but the visitors made them extend themselves to the limit. The guarding of Fisher saved the day for Indiana, time and again, for he intercepted many beautiful passes. The game was very close and interesting. McElhone starred for the visitors while McClug and Fisher were the heroes for Indiana.

FORD CITY BUMPS AGAIN

On February 1, the champion Ford City High School team came to Indiana to avenge a defeat they tasted earlier in the season at the hands of the Normalites, but they returned home the losers in a good game. In this game another star was uncovered, he being Ousler, who with his dazzling floor work and accurate shooting, proved a big factor for the winners. He dropped them in from all angles of the floor and beat the Ford City team almost single-handed. Ousler with eight field goals and G. Rentler showed the best form. The score was 23-12.

GREENSBURG TROUNCED

On February 12, Greensburg High School locked horns with the Normal five, only to be sadly disappointed, the final score being 43-23 with Normal on the long end. The Red and Slate boys started with a rush and were never headed, Coach Ruffner sending all his subs against the visitors at the end of the first half. Rial starred for the visitors while McClug, with seven field goals, together with Ousler with five, featured for the victors.

WINDBER TAKES CLOSE ONE

On February 15, the Normal tossers journeyed to Windber to do battle with the High School team only to lose out by a 23-17 score. Normal was away off color and it did not take the High School tossers long to notice this. Geist broke into the limelight with three goals from the field. Camille and Kouge with three goals apiece, starred for Windber.

JOHNSTOWN REPEATS

On February 5, the Johnstown High School team invaded Indiana and returned home the winner over the Normal team. This game was a hard one to drop for the locals, but Indiana was away off form. Johnstown deserves a lot of credit for they showed classy team work. Harris and Capt. Weigel each had four baskets to their credit and were the outstanding star. Capt. McCaig and Glassford showed up best for Indiana. The score was tied several times but the breaks of the game favored the Johnnies, they winning out by a 25-21 score.

ANOTHER CLOSE ONE

On February 8, Pitt Freshies journeyed to Indiana for a return game and came out on the long end of a 29-21 score. The game was fast and exciting from the start. An unusually large crowd turned out to witness the struggle and agreed that it was one of the best games seen played in prep school circles in many a year. The Normal team deserves a lot of credit for the showing they made and holding the Freshies to such a low score. Mayo starred for the visitors while Capt. McCaig, as usual, starred for Indiana.

BELLEFONTE ACADEMY WALLOPED

The next night the Red and Slate tossers journeyed to Bellefonte to do battle with the fast going Academy team. After a good raking up by the coach, our boys put heart and soul into the fray. Bellefonte is an old rival of Indiana and so it did us a lot of good to win from them. Indiana simply played rings around their foes and soon showed the Academy tossers

Basketball Squad

1923-1924

RUSSELL McCaig

"Russ"

Wilkinsburg, Pa.

Captain—Guard

Had you followed the newspapers from day to day, you would need no introduction to Captain McCaig. "Russ" was by far the best basketball player that ever donned a uniform at Indiana. It would be difficult to pick out the games in which he starred, for he starred in them ALL. Dribble—you ought to see him take that ball through the defense of five opposing players and then shoot a basket. Opposing players knew who McCaig was after he once had the ball. He hails from the "holy city," the high school team of which he captained to the championship of the W. P. L. A. L. in 1922. He really deserved the captaincy at Indiana, for he lived up to all expectations. He is an all-around athlete and we are certain that he will make good in college athletics. He has had several offers from the leading colleges in the East, and we are anxiously awaiting his decision. "Russ," we wish you the best of luck!

LYLE GLASSFORD

"Diz"

Indiana, Pa.

Forward

Here we have a brother of the famous "Red" who played with the wonder team of 1919. "Diz" also takes after his brother, for he played a bang-up game all the time. He is a product of the local high school. He played with the Y. M. C. A. team of this city for a number of years. We tried hard to have him come to the Normal, and after much hesitation he decided to follow in his brother's path. We also had him on the football field. He, too, delights in partaking in all sports, but, oh, how he likes to play "500." Remember that Clarion trip, "Diz"? He is always on time except for breakfast and classes.

RUSH DuVALL

"Tinnie"

Wilkinsburg, Pa.

Forward

Just the same as in football McCaig's running mate. "Tinnie" was very small in stature but, oh, the size the score used to be after he rang up the markers. He, too, played with the champion Wilkinsburg High School team of 1922, and played with the same determination that won him fame at home. He wanted to make Indiana another championship contender. We were sorry to see him leave us about the middle of the semester, for Indiana surely felt his absence from the line-ups. Who was to wear his shoes? It was a hard matter to decide. He hated to leave Indiana, as was evidenced by his many visits to see his former team-mates in action on the basketball court.

JOHN OUSLER

"Johnny"

Latrobe, Pa.

Forward

The only way to find out a player's ability is to play him. "Johnny" had to be content with substituting for a while, until finally the coach noted a pleasing improvement in practice and decided to place him in next game. And "Johnny" started- it was in the Ford City game that he had his opportunity to show his wares. Time and again our team brought the ball down the floor with "Johnny" leading the parade. He rang them in from all angles of the floor, beating the opposing team almost single-handed. His ability as a basketball player was never doubted after that. He hails from Latrobe and expects to enter Penn State next year. We know he will make good and we wish him all the luck.

CHARLES FISHER

"Chuck"

Indiana, Pa.

Guard

Here we have another local boy. He, too, played with the celebrated high school team of this city and knew he could make the grade should he come to the Normal. "Chuck" played guard and played it to perfection. How he used to break up passes and dribbling by his opponents! He showed us that he could play basketball as well as football. When "Chuck" was out of the game, his absence was felt considerably. He surely hated practice, but he never yet missed a train that was leaving Indiana. Yes, but how about that "jazz music," "Chuck?"

JOHN MEXICK

"Johnny"

Latrobe, Pa.

Guard

Another athlete from Latrobe. He starred in high school athletics with his mate, Ousler. Upon learning of the success of his pal, he decided to pack up his troubles and leave for Indiana. He was a late-comer but better late than never. He showed us that this was true, for with but two days practice he played a stellar game at guard in one of our most important battles of the season. His fight and grim determination will go a long way in deciding many a basketball game. He, too, will be with us next year to make a still greater name for himself. His friend, too, likes the game of basketball. "Johnny" has plans to be coach at Latrobe with his friend handling the sextette of the same school. Good luck, "Johnny."

PAUL RIMALEY

"Chink"

Indiana, Pa.

Forward

"Chink," too, was a late-comer, but since a few more were late in arriving, "Chink" thought he was early. In fact he was just in time for the big games of the season. He is a local boy and admits it. "There's no place like home," said "Chink," and so he decided to discontinue his out-of-town work and resume his studies at Normal. He fell right in line and lived up to all expectations. You hardly ever saw him in the day time. We wonder whether he slept all day and roamed about all night, for we are certain that on a basketball trip the coach had to tie a string to him or he would be where he shouldn't be at a late hour at night. We hear he is planning to return to Allegheny next year. Lucky Allegheny.

WRITTEN BY ALLAN BEHLER.

THEODORE GEIST

"Ted"

New Bethlehem, Pa.

Center

Here we have "Ted" in basketball, too. He held down the center position and did it to perfection. Time and again he broke up rallies of his opponents and then turned the tide by dropping field goal after field goal through the net. He hails from New Bethlehem and everybody knows the ability of the athletes turned out of this city. "Ted" played hard and deserves much credit, not only in sports but in his studies as well. We are almost certain that he will be with us again next year. He prefers speaking to his friends through the telephone rather than face to face. They'll be calling him "Sheik" instead of "Ted" if he doesn't watch his step.

ALLAN BEHLER

"Floater"

Slatington, Pa.

Center

Here he is again—"Floater" himself. He was a member of last year's team as well as of the one this year. "Floater" played forward and center. He was a very good shot and played the floor game like a veteran. He proved one of the mainstays of the Normal five this year. He was also a baseball pitcher of no mean calibre. "Floater" plans a return to Normal next year, and no doubt will make a still better name for himself then. He was known and liked by everyone, not only in athletic activities, but also in his school work as well. Best of luck, "Floater."

Review

Easter vacation! And with it the "play-ball" fever. Everybody seemed determined to show Coach Beeler, the game little leader, real big league calibre in the baseball line. First practice was held and the big smile from the coach expressed his satisfaction, as well as to say, "We're in for a good season."

Review

Faster vacation! And with it the "play-ball" fever. Everybody seemed determined to show Coach Beeler, the game little leader, real big league calibre in the baseball line. First practice was held and the big smile from the coach expressed his satisfaction, as well as to say, "We're in for a good season."

ASPINWALL HIGH

Students as well as players were anxiously awaiting the arrival of the first home game. Aspinwall seemed determined—but how about the Red and Slate? Final orders were given and the team trotted out on the field making a striking appearance in their new uniforms. "Play Ball" greeted hundreds of fans. Our boys were going to uphold the "rep" made in football. They soon "got going" and when the smoke cleared away, Aspinwall was snowed under to the tune of 15-1. Picking out stars was impossible; everybody starred. To "Red" Young goes the honor of hitting the first clout of the season. This ended our initial contest.

GREENSBURG HIGH

Hearing of the overwhelming victory in our first game, Greensburg High came on with a determination to make us take water. They came here with the reputation of their past season's records: The strongest athletic team in prep-school circles. They failed to live up to this, however, for they were completely out-cassed; at no time during the game were our boys in danger of losing. When we were tired running the bases, the score was countd 21-1. One run was allowed the visitors so as not to discourage them. "Gene" Young, our flashy shortstop, tied for home-run honors when he nailed the "old pill" in the direction of the library for a clean sweep of the sacks.

CLARION NORMAL

Our schedule grew a bit more difficult. The boys practiced long and hard for this game. It was the opener of a series of games for the Normal School Championship of the State. With two victories, and the third to be had, our boys fought with a grim determination. The fight did not last long, however, for our scoring machine started. Before the visitors knew what had happened, they found themselves on the short end of a 22-2 score. The Red and Slate scored at will, while the visitors seemed pleased to be able to score two runs on our team.

DUFF'S IRON CITY COLLEGE

We were stepping out of our class in meeting the collegians from Pittsburgh. At first sight, the visitors seemed favorites, but Indiana was not as yet beaten and she had no intention of letting the visitors turn the trick. The game began. So did we. The collegians knew they were up against a strong, fighting team. Our boys started and never let up until the game was over. We were content with a 17-2 victory. The visitors sadly remarked that they never met a team with such spirit and determination as the Normal team of Indiana. Sladden added his name to the "fence-breakers" list by lifting the ball out of the playing park.

CLARION NORMAL

Clarion Normal was out for revenge after suffering a 22-2 defeat at the hands of our boys earlier in the season. This was our first game away from home, and Clarion knew it too. They figured we were lost. It never pays to be over-confident. Captain Leadbetter and Coach Beeler gave final instructions and the team trotted out for their first bats. Clarion fought gamely but only for a short while. It took a few innings for our boys to find themselves, but when they did, everything worked with clock-like precision. Crack, crack! Balls hit fences. Tree-tops fell, and what not! Again we were on the long end of a 11-0 score. The large gathering of fans were greatly disappointed when their respective team was subdued and given a neat lacing.

WILKINSBURG HIGH

Again we were playing on foreign grounds and this time meeting a highly touted enemy—Wilkesburg High. We were meeting one of the best schools in the Pittsburgh district, but this meant little to us. What our boys were after was a victory and a clean slate. The Red and Slate were long in finding themselves and it looked like a Wilkesburg victory, when we trailed for the first time since the season opened on a 3-1 score. We never lost courage; things began to happen. Our batting eyes came back; everything started with a bang! Again we emerged the winners, this time to the score of 12-3. We had the Pittsburgh school boys at our mercy. Fullerton, our crack left-fielder, added his name to the "murderer's row" when he socked the ball out of the field for a round tripper.

BARNESBORO ALL-SEARS

With six victories and no defeats, scoring a total of 98 runs to our opponents 9, Coach Beeler and his fighting team were willing to step entirely out of their class and challenge any independent team in western Pennsylvania. Barnesboro, after due consideration, accepted the challenge and came here determined to trample the Red and Slate under foot. We fought with the same spirit that brought us victory in the preceding games. We were up against a team of veterans, players who played together for a number of years. The game was a nip-and-tuck affair throughout, with our boys gradually showing up as the better team. The score stood at "six all" in the ninth inning, when Barnesboro got the breaks of the game putting across the winning runs. We were beaten to the score of 9-6 but not disgraced. The visitors breathed a sigh of relief after the game was over, for they surely thought themselves lucky. Captain Leadbetter played his last game for Indiana and starred both in the field and at bat.

This game brought to a close the most successful season on the diamond for a Red and Slate baseball aggregation.

The Players

WILLIAM LEADBETTER—Captain

"Bill"

Third Base

"Billie," as his name indicates, always "led" the team in a "better" way. He held down the hot corner and did it in a most satisfactory manner. We well remember in football how hard he used to hit the line; in baseball, he surely hit that old ball hard. He was a game little leader and was in there fighting all the time. His spirit and determination won many a ball game for Indiana.

Best luck to our 1923 captain!

ARTHUR BRADY

"Art"

Catcher

"Art" was one of the "peppiest" backstops that ever stepped on Indiana soil. That is why we always dispute the fact about his nick-name—it should have been "Pep" instead of "Art." But our opponents claim he was an artist. He hails from the oil regions; we often wondered whether he used to oil the opposing batter's shoes, for all they ever did was walk up to the plate and slide back to the bench. He is an all around athlete, one who ranks with the leading players in every sport. His "pep" and enthusiasm earned him this honor. We know he will always live up to his "rep" wherever he goes. But we know he won't leave us for quite a while, for he likes Indiana and Indiana likes him.

JOHN BERNOSKY

"Benny"

Pitcher

Here we have "Benny" the great. He surely did perform like a Christy Matthewson, for he hardly lost out when he started. He hails from the coal regions. When we asked him how he ever happened to become a pitcher he replied, "Oh, we kids used to fire coal at old tin cans." This was his first idea of baseball. He delighted in throwing close balls. We expect still greater things from "Benny" this year, unless he should be persuaded to get married by some little girl in this institution during leap year. If he doesn't do that, we wish he would take swimming lessons at least. We came mighty near losing him in football season when he attempted to do what only the Mighty achieved—walking on the water.

ALLAN L. BEHLER

"Floater"

Pitcher

"Floater," as everybody knows, hails from Slatington, the town of slate. He is about six feet in height; when he works upon the mound, he looks like a mountain to the opposing team. He is young and full of fight. His curves made many of the opposing batters return to their bench sort of peeved because he had outguessed them. His best work was in the Duff's Iron City College game. He threw just four pitched balls to three opposing batters, which feat equals the great Wilbur Cooper's record. We expect great things of "Floater" this coming season. He has two more years at Indiana—lucky Indiana!

GENE YOUNG

Scrubbie

Shortstop

We had "Scrubbie" in football, basketball, and here we have him in baseball. He, too, was an all around athlete and a long distance hitter. He played his position like a big leaguer: he had the pitchers worried whenever he stepped to the plate. He hit far and often. It was through his long distance drives that he got his practice in track. We'll be greatly surprised if the big leagues don't grab him. A sore arm at the beginning of the season kept him from starting all along.

RALPH SELLERS

"Crow"

First Base

"Crow" held down the initial sack and worked like a veteran. He hit the "pill" hard and seldom failed to hit. He was a constant worry to the pitcher, too, for he batted either right or left. We deeply regret that he left us, but we are almost certain that the little college where he is putting in his time will be proud of "Crow" for we expect him to come through in great style.

CHARLES STADDEN

"Chuck"

Second Base

Here is "Chuck" again. He's in everything. We well remember in football last year how he used to get off for long runs, but as this is against the rules of baseball, we had to tie him to the keystone sack. He had a bad ankle all year, but when he hit the ball he forgot all about this. I'll bet he thought of the long runs in football and then muttered to himself, "Going for a touchdown." He was fast and always on the alert. It took more than nine opposing ball players to catch him napping.

WILLIAM FULLERTON

"Bill"

Left Field

The old saying is, "All left-handed people ain't right." We know not how to translate this word "right," but when it comes to ball pavers, "Bill's" right there. He played well in the outer garden and pulled down many long drives out of the trees, library, and what not. And say, hit that old ball? "Bill" used to hit so hard and often that the pitchers would have been glad if he only were on their team. Pitching to Fullerton and getting away with it was something seldom accomplished. He hit .667 for an average. Show us another player that can be proud of such a mark for a whole season. We have him with us again this year and expect still greater things. Good luck, "Bill."

JOHN YOUNG

"Red"

Center Field

Yes, "Red" was in the middle field, just the way he is in the middle of everything. He batted left-handed, and when a player on base saw him step up to the plate, he was almost certain to score. "Red" likes to play baseball and he plays it, too, and plays it well. The girls wouldn't let him leave, so he is back again for a still better year on the diamond. Watch for him and be on the alert, or you'll miss the biggest time of your life.

WALTER LEIDEN

"Walt"

Right Field

Whenever you see a fellow out on the ball diamond you can bet your shoes it's "Walt." He'd play ball day and night, if the administration would permit; but he has to be content with playing ball in the day time. He played well last year until he had a little hard luck. He took sick about the middle of the season and had to quit baseball. Even that didn't discourage him, for he is back again to try all over.

GORDON WISEMAN

"Piney"

Center Field

When the coach assembled players, he could always count on "Piney." He is a fast man, and although he was originally cut out to be a catcher, the coach thought him to be more valuable in the outfield. He surely did prove his worth and hit well in the pinches. He left us this year, but we know he is doing well in college athletics. We wish him the best of luck.

OWEN C. LEWIS

"Goat"

Right Field

Everybody knows "Goat." He always has some "hoodoo" following him; for in football he was injured early in the season and was out for the rest of the year; for a while in baseball season he decided upon giving his time to his studies. He thought hard and finally decided to give the best to both studies and baseball. He did, and although he started a little late, he came out on top of the heap. His "pep" inspired the whole team, and his Nick Altrock stuff had all the fans going. We have him with us again this year and expect great things.

Varsity Hockey

"Hockey practice on the Hockey Field, East Campus." That's all that was said—the rest was done. We were captained this year by last year's center, this year's center, and a fine center—Blanche McGill! The famous "Sticks" McGill! (She got over that beautifully this season.)

THE TEAM

GAMES

SLIPPERY ROCK (at home)

Jean McDowell deserves mention for her wonderful goal play.

First Half

Indiana State Normal School—

No pep!
Out of position!
Slow interference!
No long hits!
Ball at wrong goal (for Diana)!

Slippery Rock—

Hard work!
Should have made a goal!
Owned the ball!
Crowded over the fact!
Good!
Good Hits!
Good team work!
Lots of pep!
A trick costume!
A goal!

Second Half

Slippery Rock kept up the good work! It was theirs!
BUT— Down the field it went before them!
Indiana showed her true colors! On to the goal and THRU!
They vamped the ball!

SLIPPERY ROCK (away)

Due to the absence of Jean McDowell the goal position was weak, although Crumpton, Bates, and Haines held the foe back by good backfield fighting. Smith, as C. H. B., made good stops and long shots. The result was unexpected, due to the team playing "ping pong" instead of hockey. Cunneen saved the score from being blank by shooting two goals.

LIGONIER (away)

The same lineup as in the Slippery Rock game at home. Ligonier is a high school team with lots of spirit and fight. A well fought game and a commendable game for I. S. N. S.

LIGONIER (at home)

The day of the Senior Prom! Perhaps everyone was too excited! This may account for the small percentage of rooters and the slowness of the game. Ligonier brought many enthusiasts along. Nevertheless, "Victory" for Indiana.

NOW AND THEN

"Good Hit!"	"Bring it up."
"Keep it!"	"Dribble!"
"Diana, follow that ball up!"	"Byers-- wonderful!"
"Take it thru—a soft job!"	"One doesn't run in!"
"Up to our goal!"	"One, one? You mean eleven!"
"Come on, come on!"	"Diggin' the dirt!"
"What's the matter with our girls?"	"A dumb game!"
"Get it when she rolls it in!"	"In there, Indiana!"
"Come on, Bow legs!"	"Betty is bow-legged today!"
"Such ping pong!"	"Forgot to hit the ball!"
"A goal—1-1-1!"	"A goal—1-1-1!"

MADIE LESTER Mc M

Girls' Basketball

The call for basketball players was answered by a large number of both Juniors and Seniors. Many girls from the last year's team were back and all of them eager for "play" to begin. The beginning was brilliant, to say the least. The first two games were played at home; the next two were played abroad. These first four games were victories for Indiana. Defeat seemed nowhere in sight at this time.

However, we met our Waterloo, January 26, when we faced the strong Slippery Rock team on their own floor. Our team fought hard to the last, but the final score was seven to one against us.

At Clarion Normal, the game was fast and interesting, ending in a tie score. It would be superfluous to say that the teams were evenly matched.

The second defeat of the season was marked up against us at Allegheny. The least said of defeats the better. When one is outclassed, it is better to keep still and swallow hard.

At McKees Rocks the team played well, but again Indiana was defeated by only one field goal, however. The outstanding feature of this game was Miss Byer's remarkable foul shooting. She shot seven out of nine baskets. She shone like a meteor.

The next game on the home floor was with Jeannette. The visitors were entirely outplayed in this game, although the score showed little difference—24-21.

Then we met with Altoona, who were kept completely in the background. During the first half the first team played. Altoona seemed bewildered all of the time. During the second half, the second team played against Altoona, but Indiana still kept far in the lead. Miss Johnson's shooting was a feature in itself. She caged 11 field goals. The score stood 32-6 in our favor at the close of the game.

Again we were forced to admit and admire the strength of Slippery Rock's team when they defeated us on our own floor. Their play was brilliant. They outclassed us in every way. The score was 15-31 against us.

The return game with Seton Hill College was an unusual game, for it occurred on the afternoon of the Junior Prom, and the Juniors were privileged to bring their friends to the game. Small wonder that we won with so many enthusiastic rooters.

The last game on our floor was played with Clarion Normal. We decided to avoid a tie score this time and won by a decisive score of twenty-two and twelve.

The return game with Juniata College girls on their floor was most exciting because the outcome was never assured. The score being tied and broken several times throughout the game.

Varsity played fifteen games, won nine, lost five and tied score in two games. They won the last game of the season at Altoona on March 15.

The basketball squad have been through a long season and have showed splendid spirit and good sportsmanship throughout the schedule.

Mary Byers as forward, showed us what a small girl can do. Just at the precise moment when Mary's guard was wondering where she was, a field goal was being placed to Indiana's credit.

Captain Cunneen played in splendid form and was very fast on the floor, bewildering her guard and making many guards long for the final whistle.

Our two tall guards showed fine team work. For two years "Sara" has spoiled the chance of many a forward who was all ready to score a goal, when Sara would pick the ball out of mid air and start it back toward Indiana's goal.

Ellen Evans didn't believe in quitting. "Fight to the last" was her motto. She had only a few faults; she just wouldn't keep away from her forward and she would persist in taking the ball when it wasn't meant for her at all. She was a fine co-worker and always had the happy faculty of sending the ball Indiana way.

The Subs—They work with little recognition and go through the long grind of practice and take strict training regulations with a smile. Our team couldn't have been developed without them, and here we wish to thank them for their co-operation with the team.

Indiana Fairy Tales

For Those Who Still Believe in Fairies

Once upon a time,

1. Chapel was held in Assembly Hall as usual. Mr. B. did not speak.
2. Student teachers were relieved of household duties in order that they could go to the movies.
3. There was a partner for every girl at the Saturday night dance and three men left over.
4. Automobiles were provided for girls who teach at East End.
5. Social conversation was encouraged in the Library through this poster: Come, bring your friends! Gather around the fireplace in the library.
6. Two girls with colds went to the infirmary. Within thirty-six hours—they got out.
7. The bookroom opened promptly at 7:45 A. M. and remained open until 6:00 P. M. for the convenience of students.
8. The entire audience remained for the business meeting of Literary Society.
9. The dining room was kept open at all hours to furnish, gratis, light refreshments for students who did not wish to come to regular meals.
10. The drinking fountains were filled with coco cola during the study hour. No one went out to get a drink.
11. Students were requested to make more noise during "Wild Hour." This privilege was granted in order that homesickness might be relieved.
12. Mr. Gordon held three classes in succession and did not crack a joke.
13. The elevator *went up* and did not stick.
14. Juniors treated the Seniors with respect.

Under A Spreading Chestnut Tree

*Under a spreading chestnut tree a stubborn auto stands,
And "Prot!" Jackson chagrined is he, with trouble on his hands
He whispers softly to himself, and crawls beneath the car,
And wonders why it doesn't "bust" before he gets so far.*

*The carburetor seems to be the cause of all his woe,
He tightens half a dozen bolts, but still it doesn't go.
And then he tries the steering gear, but finds no trouble there,
Till, wet with perspiration, he quits in sheer despair.*

*He sits beside the road to give himself a chance to cool,
And ponders on his teaching at Indiana Normal School,
And then he starts the job once more, until by chance 'tis seen
The cause of all his trouble is - he's out of gasoline!*

ONIONS AND GLUE

We are Strong - We stick Together!

*Our orchestra was organized in nineteen twenty-five
Two violins, traps and banjo, a piano and caçoes,
And when we played, we raised the roof, (so everybody said),
We played from sundown until dawn and seldom went to bed
For three short months we had our fun, and others had theirs, too,
For when we played, no feet were still, no anyone was blue,
But when, alas, dear Helma had to leave us for Va
The orchestra all bustled up until another day,
Next week, though, we will be so gay that Helma will be back,
And soon you'll hear our fiddles, banjo, piano, caçoes, traps*

MENUE'S SQUIRRELS

*She took my hand in sheltered nooks,
She took my candy and my books,
She took my words with tender smile,
She took my time for quite a while,
She took my dowers - Me'd so shy,
She took, I must confess, my eye,
She took whatever I could buy
And then she took - Another Guy.*

* * * * *

IRREGULAR RINGING OF CLASS BELLS

Mr. Gordon - "If anyone can explain the way the bells are ringing today, I will give him a good grade in Arithmetic." (Just then the bell rang again).

Hazel Nissley - "It's for fire drill, let's go!"

* * * * *

KNOWLEDGE WANTED!

Scientists have not yet discovered how it is possible for girls to go into a room with straight hair and come out in ten minutes with curly locks.

* * * * *

THE FOUR SEMESTERS

First Semester - "Will you please repeat the question, sir?"

Second Semester - "What did you say?"

Third Semester - "What?"

Fourth Semester - "Huh?"

* * * * *

*We editors may dig and toil
Till our finger tips are sore,
But some poor soul is sure to say
I've heard that joke before.*
